**CITY OF BURIEN
SIX YEAR TRANSPORTATION IMPROVEMENT PROGRAM
2010-2015**

Introduction

The primary importance of the Six-Year Transportation Improvement Program (TIP) is that, in most cases, local projects must be included in the TIP to be eligible for state and federal grant programs.

The Six-Year Transportation Improvement Program (TIP) is a short-range planning document that is annually updated based on needs and policies identified through a variety of sources. Project and financial development involve interactions with many groups and agencies at the local, regional, state, and federal levels. It represents Burien's current list of needed projects that may begin work in the next six years.

Mandated by State Law

State law requires that each city develop a local TIP and that it be updated annually (RCW 35.77.010). In order for cities to compete for transportation funding grants from Federal and State sources most granting agencies require that projects be included in the TIP.
