Subject: North Highline Annexation

Dear Burien Council Members,

As White Center area residents of 30+ years, we have watched the topic of Annexation for over 5 years now. All along, Burien, Seattle and King County have stated that for any annexation to take place, there would be a vote of the people. We believe that wording should appear in the recent MOU.

We also noticed the mention that annexation of North Highline to more than one city is the preferred option. This is certainly NOT the wish of the residents, and never has been. So, we can only imagine that this must be the "preferred option" of King County, or perhaps all 3 entities of the MOU. The people of all North Highline neighborhoods have very specifically expressed their wish to remain together, & be annexed as one entire body, or not annexed at all. And, the majority of citizens have stated they would rather be annexed to Burien.

Thank you for your consideration,

Bob & Pat Price
