District Four

**CITY OF BURIEN**

March 27, 2009

The Honorable Joan McGilton  
Mayor, City of Burien  
15811 Ambaum Blvd SW, Suite C  
Burien, WA 98166

Dear Mayor McGilton,

Thank you for providing me with a copy of your March 9, 2009 letter to King County Executive Ron Sims regarding plans for Puget Sound Park and the City of Burien's wish that it remain parkland instead of being developed for housing.

I appreciate knowing the City of Burien's views on this matter; I agree that as the future steward of the land currently used for Puget Sound Park, the City of Burien should play a central role in the discussions on shaping its use.

The Metropolitan King County Council has not taken action on this issue, and I am not aware of any related legislation currently pending before the Council. I appreciate knowing the City of Burien's perspective in the event that this issue does come before the King County Council.

Thank you for your work to move forward on this important annexation, and for your work on behalf of Burien residents.

Sincerely,

Larry Phillips, Councilmember  
Metropolitan King County Council, District Four
