Subject: Charlotte Ross Memorial

Dear Myron ~
Burien Parks Department

MANY thanks for the beautiful Sugar Tyme Crabapple Tree and plaque (which is just right!) which your Department installed in the memorial garden at the Lake Burien School Park.

I was able to report to our Three Tree Point Garden Club that the tree and plaque were installed and beautiful ~ and to write individual notes to each donor to that fact.

Thank you so much for your cooperation, and for your tolerance of my many e-mails and phone calls!. You and the Burien Parks Department are very much appreciated!

Charlotte Ross's husband, Robert Hugh Ross, still lives in the family home in Seahurst. He was by to see his wife's memorial yesterday and was so pleased. His family will all be in town for Thanksgiving and he plans to take them by to see the memorial. The memorial means a great deal to him and to all of Charlotte Ross's friends ~ and will be very meaningful to the extended Ross family, I know.

Thank you again for your help in getting this project completed.

Sincerely yours,

Patricia Owen
3-Tree Point Garden Club
