CITY OF BURIEN NEWSLETTER

WWW.BURIENWA.GOV

SEPTEMBER 2014

## CITY COUNCIL MESSAGE

Of all the duties we have as a City Council, few are as important as developing and adopting a budget. The budget says a lot about a City's priorities, its hopes for the future, and its regard for the taxpaying public. Our goal is to provide the best local government services we can with the least impact on taxpayers.

(Top left, clockwise) Nancy Tosta, Gerald Robison, Lauren Berkowitz, Stephen Armstrong, Mayor Lucy Krakowiak, Deputy Mayor Bob Edgar, and Debi Wagner.

As we go through the budget process, we would like to hear your thoughts on how we should spend your money. You can attend a public hearing, call a Councilmember, write a letter or speak out on Connect Burien, an online public outreach program the City is launching on Sept. 15. Please visit <http://burienwa.mindmixer.com>.

We'd also like to hear your ideas on the future economic development of the community, including what kind of stores and businesses you'd like to see in Burien. Attend the Economic Development "Dialog" on Saturday, Sept. 27, or give us your thoughts on Connect Burien.

- Your City Council

## Seahurst Visitors Love the New Beach

Fall is a great time for everyone to check out Seahurst Park after its year-long restoration project.

"It's beautiful. They did a fabulous job," said Burien resident Walter Cunningham, who was enjoying the setting and sunshine on the park's opening day, Aug. 25. "To see the beach come back to its natural habitat, it's awesome."

Walter Cunningham and his daughter Jenna enjoy the beach.

Cora Miller, who's been visiting Seahurst Park for over 30 years, couldn't wait to see the improvements. "It's beautiful. It's going to be really pleasant to come down here."

## SEAHURST RIBBON-CUTTING

Friday, Sept. 12 2:30 pm

Speakers:

Congressman Jim McDermott

Deputy Mayor Bob Edgar

The park has been closed since last fall for the construction project, which included removal of the seawall in the northern section of the park, restoration of the natural beach, construction of a new fish ladder, a new playground, a new shelter, landscaping, and other improvements.

Everyone is welcome to come celebrate the opening at the Sept. 12 ribbon-cutting. Enjoy refreshments and Burien's fabulous "new" waterfront park. Bring a beach chair and stay awhile. See more about Seahurst at [www.burienwa.gov/SeahurstProject](http://www.burienwa.gov/SeahurstProject).

## Public Invited to Economic Development Dialog Sept. 27

The City of Burien invites you to attend the first ever community Economic Development Dialog – a unique opportunity for community members to provide the City with direct and invaluable feedback on Economic Development priorities.

All Burien residents and businesses are welcome. Participants are encouraged to listen, learn and share ideas about how we can improve the prosperity and livelihoods of City residents.

The event will take place from 8 am to noon on Saturday, Sept. 27, at the Burien Community Center, 14700 6th Ave. SW. Coffee and light refreshments will be provided to help get the morning started. Spanish and Vietnamese interpreters will be present at the meeting to assist non-English speakers.

If this date and time doesn't work for you, don't fret! Using the online community engagement tool called Connect Burien, which the City will launch on Sept. 15, community members can provide input and feedback to the City before and after the event. (See page 2 for more on Connect Burien.)

Please keep an eye on the City's Facebook page, or the City's specific event webpage at [www.burienwa.gov/economicdevelopmentdialog](http://www.burienwa.gov/economicdevelopmentdialog) for registration information and pre-meeting printouts.

**Residents Can Speak Out on 'Connect Burien'**

**C**onnect Burien is a new public engagement website offered by the City beginning on Sept. 15. This interactive new platform opens the conversation about Burien's present and future to anyone with access to a computer or smart phone.

Connect Burien gives contributors a chance to share new ideas, second others' ideas, expand upon existing ideas and give feedback on initiatives, working with community leaders on a variety of topics online anytime, anywhere.

**JOIN THE DISCUSSION AT:**  
<http://burienwa.mindmixer.com>  
*Share Your Ideas! Be Heard!  
 Build a Better Community!*

The City will begin the discussion by posing questions on topics such as the Comprehensive Plan, economic development and the City budget.

"Our goal is to open the conversation to people who, for whatever reason, don't usually participate in the community dialogue," said Kamuron Gurol, city manager. "Not everyone has the time to come to a City Council or advisory board meeting or to write a letter. This interactive site gives people the opportunity to make their feelings known on important topics at their own convenience. I encourage everyone to visit the site often. We want to hear from you."

The site, developed by Mindmixer, also measures and tracks participation, identifying the most interested contributors and most compelling topics.

**Bus Route 139 Ending on Sept. 27; More Cuts Coming**

**E**limination of Bus Route 139 providing shuttle service between the Burien Transit Center, Gregory Heights and Highline Medical Center is part of 161,000 hours of reduction of bus service by Metro Transit effective Sept. 27. The proposed alternative for riders during peak periods is Route 123.

**METRO TRANSIT BURIEN SERVICE REDUCTIONS**  
 Rt. 139 .... Eliminated Sept. 2014  
 Rt. 121 .... Peak trips reduced Sept. 2015  
 Rt. 122 .... Peak trips reduced Sept. 2015

Metro plans to decrease the number of peak trips on Route 121 in Sept. 2015. It will go from 16 trips in the morning to 13 trips and from 18 trips in the evening to 13 trips. Peak trips on Route 122 also will be reduced in Sept. 2015. It will go from six trips in the morning to five trips and from eight trips in the evening to seven trips.

Metro Transit is moving ahead with major service cuts to address an annual structural budget deficit of \$75 million. County voters turned down a ballot measure last April that would have imposed a sales and use tax and vehicle fee to help fund Metro transit, roads and other transportation improvements.

Meanwhile, ridership on RapidRide's six lines have grown a combined 39% significantly outpacing Metro's original five-year ridership projections. RapidRide buses depart every 10 minutes during peak travel hours and 15 minutes during off-peak periods. The F Line serving Burien, Tukwila, and Renton, just launched in June, has already grown 23% compared to the routes it replaced. The A Line – the first RapidRide line launched in 2010 along Pacific Highway South/International Boulevard - led the way with a 79% increase in growth since its inception.

*Ridership is surging on the RapidRide lines.*

## 2014 Comprehensive Plan Update

The City is currently updating its Comprehensive Plan to be consistent with state, regional and countywide laws and policies. This periodic update is required by the state Growth Management Act (GMA).

Burien's first Comprehensive Plan was adopted in November 1997 following months of town meetings, workshops and public hearings. The plan is based on the Burien Vision, adopted by the Burien City Council in July 2011, in which the community expresses what Burien should be in 20 years.

The Comprehensive Plan is a key element in the land use planning process. Since the GMA was enacted, the Comprehensive Plan has become an enforceable blueprint or framework for all subsequent land use regulation activity.

The Planning Commission will conduct a public hearing for the annual amendments (rezone requests) at its Oct. 8 meeting. The Planning Commission will make a final recommendation to the City Council on Nov. 12. The Council will then review and adopt the update in December.

### Wellness Fair Saturday, Sept. 20

*Burien's Community Wellness Fair will be held on Saturday, Sept. 20, 10 am – 3 pm in Burien Town Square. Free medical screenings, free preventative and diagnostic information, demonstrations, entertainment, and lots of giveaways will make this a fun, informative and exciting event.*

## Council Adopts New Trespass Ordinance

The City Council on Aug. 18 adopted a new trespass ordinance that addresses behavior that is dangerous, unsafe, illegal, or disruptive on public lands and facilities including City parks and the Library/City Hall.

"Unreasonably disruptive behavior" is defined in the ordinance as behavior that is not constitutionally protected and unreasonably interferes with others' use and enjoyment of the publicly owned property.

Under the ordinance, persons getting a trespass warning are restricted from using the public facility for varying periods of time or face further penalty. The King County Library System supported the measure. The library occupies the first two floors of the Burien Library/City Hall at 400 SW 152nd St.

## Recology CleanScapes Added to Utility Tax Relief Program

Recology CleanScapes, the City of Burien's new garbage/recycling collection carrier, has been added to the Utility Tax Relief Program.

The City offers a tax relief program for low-income Burien households. This program helps offset the impact of the City's 6% utility tax on telephone (not including cellular), basic cable television, and gas/electricity provided by Puget Sound Energy, and now garbage/recycling collection. Applications will be available in mid-November and are due by mid-December. They must be submitted annually.

If you have any questions, please contact Lori Fleming, Management Analyst, at (206) 248-5518.

## Council Faces Tough Decisions in Adopting Biennial Budget

The City Council in June began the difficult process of developing a City Budget for the next biennium, 2015-2016. Although the City has made it through the economic recession of recent years without significant cuts in personnel or services, the Council faces tough budget decisions despite the improving local economy.

Given current levels of revenue and expenditures, the six-year forecast shows a structural deficit that continues to grow in future years. A structural deficit occurs when the growth in revenue does not keep pace with the growth in expenditures. The primary cause of the structural deficit is a limitation on property tax rates and increases. Burien, like other cities, is at its property tax cap due to a decline in assessed valuation. This caused a loss of more than \$1 million in property tax revenue.

If the City's assessed valuation grows at the rate of 2.5% per year, the City will return to 2011 property tax revenue levels in 2018.

In 2013, the City Council increased the General Fund minimum reserves from 10% to 15% towards the financial policy goal of 20% by the year 2022. Without any course correction, the forecast shows that the General Fund will drop below the current 15% minimum in 2019.

The Council's options include reducing expenditures by cutting costs, services or projects, increasing revenues from current sources by raising taxes or fees, and/ or adding new revenues (new taxes or fees).

"No single option by itself is a 'silver bullet' and we will likely recommend a combination of options," said City Manager Kamuron Gurol. "It is our duty to help manage the City's finances so that current and future residents, businesses and property owners can continue to receive high quality services at manageable costs."

City staff will present the Preliminary Operating Budget to the Council at its Oct. 6 meeting.

The Council is anxious to hear residents' thoughts on acceptable levels of taxes and fees, and how spending should be prioritized. A public hearing on the budget is set for Nov. 3, 7 p.m. at Burien City Council Chambers. The Council hopes to adopt the 2015-16 Biennial Budget at its Dec. 1 meeting.

## Burien Police Cracking Down on Speeders

The Burien Police Department last May created a new traffic enforcement position in response to citizens' complaints related to speeding and other traffic concerns.

Officer Paul Mulligan, who has been with Burien Police for 23 years as both a patrol officer and detective, was appointed as traffic enforcement officer.

Officer Paul Mulligan checks speed on 4th Ave. SW.

Officer Mulligan listens to citizens' complaints and reviews data on speeding citations and accidents before determining areas of enforcement. Radar in hand, he positions his patrol car at the locations notorious for speeding and waits for the speeders. Although he watches for reckless driving and other violations, speeding is the main emphasis.

"The goal is to reduce speeding, and this will reduce accidents because it makes people more aware," he said. "We're interested in traffic safety, not in writing a bunch of tickets."

Mulligan finds most speeding occurs on the City's north-south arterials, including Ambaum Boulevard, 4th Avenue SW, and 1st Avenue S, and you'll likely see him on one of those streets checking motorists' speed with a radar gun.

The Police Department depends on residents to let them know about speeding in their neighborhoods, and the police will determine whether it is a chronic problem or just isolated incidents.

Residents can call the Traffic Enforcement Officer at (206) 477-6711, or file a report online at [www.burienwa.gov/reporttopolice](http://www.burienwa.gov/reporttopolice).

## Work to Begin on Burien Segment of Lake-to-Sound Trail

Work on the Burien segment of the Lake-to-Sound trail is set to begin early next year following City Council authorization in July for King County to build the City portion.

The Lake-to-Sound Trail is a continuous 16-mile bicycle and pedestrian-friendly trail, connecting Lake Washington in Renton to Puget Sound in Des Moines. When completed, the trail will provide alternative transportation to many employers, as well as provide outdoor recreation for residents. The portion of the project in Burien is the 1.5-mile segment that connects South 156th Street to the intersection with South Normandy Road, along the east side of Des Moines Memorial Drive. The majority of the trail will be completed within the next six to eight years.

The trail will be built within the existing right-of-way in Burien, creating a paved surface 10 to 12 feet wide for non-motorized recreational use, as well as drainage improvements and landscaping. The project is a collaboration between the cities of Renton, Tukwila, SeaTac, Burien, Des Moines, and King County. The project is being funded, designed, and constructed by King County.

## CARES Improvements Outlined for Council

City-contracted evaluator Denise McVicker, Deputy Director of Humane Society for Tacoma/Pierce County, on July 7 presented to City Council the results of her evaluation of service provided by Burien's animal control provider, Community Animal Resource Education Society (CARES).

McVicker found that CARES fulfilled all of its contractual obligations with the City. The Council was pleased with the improvements CARES made since an evaluation last year and thanked CARES staff for their extra effort in taking care of feral cats, which is not required in the service contract. The Council asked CARES staff to research ways the City can do more to address the feral cat issue.

Per Council's request, CARES submitted for Council's review documents related to CARES finances at the Aug. 11 meeting. Moving forward, Council asked for a report of CARES' operations on a quarterly basis. The CARES contract expires on May 30, 2016. The City began contracting with CARES in 2011 after deciding not to continue with Regional Animal Services of King County (RASKC) when the agency substantially increased its costs to member cities. Burien is saving some \$200,000 a year by contracting with CARES.

## National Night Out

A Burien-based Mexican dance troupe entertained participants at the National Night Out event at Woodridge Park Apartments in northeast Burien. The Aug. 5 citywide event was a success, with more than 30 National Night Out block parties registering with the Burien Police Department.

# BUILDING BOOM: Lots of New Construction Around Town

## CVS PHARMACY

117 SW 160th St.

**Estimated Completion Date:** Nov. 2014

**Project Valuation:** \$1,850,000

*15,000 square foot retail pharmacy with drive-thru located at the corner of 1st Avenue S and SW 160th Street.*

## LA FITNESS

14905 4th Ave. SW

**Estimated Completion Date:** Nov. 2014

**Project Valuation:** \$3,400,000

*45,000 square foot health and fitness club with basketball, raquetball, aerobics, free weights, cardio, cycling, lap pool, spa, sauna, and kids club.*

## EL DORADO WEST RETIREMENT HOME

1010 SW 134th St.

**Estimated Completion Date:** Aug. 2014

**Project Valuation:** \$7,500,000

*Construction of a 2-story, 102-unit assisted care apartment building for seniors*

## NAVOS/RUTH DYKEMAN CHILDREN'S CENTER

1033 SW 152nd St.

**Estimated Completion Date:** Dec. 2014

**Project Valuation:** \$12,000,000

*The mental health center will consist of Independence Bridge Apartments: a 25-unit apartment building, office buildings with areas for counseling and classrooms, and 3 residential treatment facility buildings.*

## BIG JUMP IN BUILDING PERMIT ACTIVITY

The number of building permits issued by the City, revenue received, and project valuation increased significantly in the 2nd Quarter 2014 when compared to 2nd Quarter 2013. The actual revenue for the building permits and plans review for the first half of 2014 was 83% of the projected revenues for these items for the entire 2014 budget year.

Inspectors performed 1,330 inspections for Burien in the 2nd Quarter, which was the highest quarter since 2012. A total of 228 construction and trade permits were applied for and issued online via MyBuildingpermit.com (MBP) during this quarter. Of these, 45 went through an electronic plan review and approval process, which is quicker and more convenient for the applicants and also saves the City building staff time.

## FUTURE PROJECTS

## BURIEN TOWN SQUARE APARTMENTS

15045 5th Ave. SW

**Estimated Start Date:** Spring 2015

**Project Valuation:** \$32,000,000

*Construction of a 227-unit upscale apartment complex with ground level retail*

## MERRILL GARDENS AT BURIEN

15020 5th Ave. SW

**Estimated Start Date:** Oct. 2014

**Project Valuation:** \$24,000,000

*Construction of 111-unit senior housing complex (primarily independent living) with small outdoor amphitheater for public use.*

## SOUTHWEST SUBURBAN SEWER DISTRICT

17874 Des Moines Memorial Dr.

**Estimated Start Date:** July 2015

**Project Valuation:** \$5,600,000

*Construction of a new operations facility consisting of an administrative building, maintenance building, vehicle washing area, and a filling station with fuel storage.*

## Slope at Seahurst Park to be Stabilized

The Burien City Council approved funding for a project to stabilize a slope next to a section of the Seahurst Park Road.

Last March it was observed that a portion of the slope below the lower end of the upper parking lot had eroded and was encroaching uncomfortably close to the road and sidewalk.

The slope failure occurred at a fish-bearing stream and upstream of the beach restoration project along the shoreline of Seahurst Park. Also, a water line, sanitary sewer line, and stormwater controls are located in close proximity to the failed slope.

*Slope next to road is eroding.*

A retaining wall will be built to stabilize the slope. It is hoped the project can be completed before the rainy season in the fall. The public will have access to the park during the construction.

## Adventurous Volunteers Needed for Salmon Surveys

How many adult salmon return to Miller and Walker Creeks in Burien, Normandy Park, and SeaTac each year?

Knowing adult salmon numbers and what happens to them once they enter the stream are "vital signs" for our streams. By being part of our Community Salmon Investigation (CSI) for Highline team, you can help us learn more about this community resource.

Anyone interested in hiking in the streams every week or two from October through January is encouraged to sign up to learn more at the training on Oct. 2! Beginning in mid-October and continuing until late December or into January, two volunteers are needed to visit Miller and Walker Creeks each day at several locations to look for fish. Volunteers are needed every day of the week because only a sustained, daily survey will provide the accurate information we need to understand stream health.

This is an exciting and unusual opportunity to see parts of your community that are normally off-limits. Participants will get closer to one of the most interesting animals of America – the Pacific salmon. Participants will be part of an important community effort to better understand how well we're doing taking care of our lands and waters. And, of course, they'll get to cut open dead (salmon) bodies, almost like the CSI teams you watch on TV!

Everyone who is interested in being on a team or learning more is invited to attend the free training: Thursday, Oct. 2, 4:30 - 6:30 pm, Normandy Park City Hall, 801 SW 174th St. To sign up, contact Elissa Ostergaard, Miller-Walker Basin Steward, at [elissa.ostergaard@kingcounty.gov](mailto:elissa.ostergaard@kingcounty.gov) or (206) 477-4792.

### PUBLIC MEETINGS ON STORMWATER PROJECTS

Future stormwater retrofit projects will manage the flow of stormwater to help clean up our local waterways, and reduce flooding and erosion. Please join us at an upcoming public meeting this fall to learn more and share your thoughts on the project sites.

**Monday, Oct. 27**  
6:30 pm  
Normandy Park Rec Center  
801 SW 174th Street

**Tuesday, Nov. 4**  
6:30 pm  
Burien Community Center  
14700 6th Avenue SW

## City Light Households in Burien Eligible for Solar Energy Incentives

Solar energy is currently powering hundreds of Seattle homes. Residents of Burien and other southwest neighborhoods are being offered a special opportunity to add a solar system to their rooftops. Through a nonprofit-led program called Solarize Washington, homes and small businesses can qualify for special pricing and take advantage of many incentives that make solar installations more affordable.

Northwest Sustainable Energy for Economic Development (Northwest SEED) and Seattle City Light have launched Solarize Southwest, a solar energy education and installation program that runs through October. The program is co-led by a community coalition of local volunteers, which will spearhead neighborhood outreach, and supporting organizations include Sustainable Burien.

The campaign features a group-buy program that provides a streamlined process for residents and small businesses to purchase solar systems for a discounted price. Registration for Solarize Southwest workshops is open to Burien residents who live within Seattle City Light service area.

*Solar panels are installed on rooftops.*

### SOLARIZE WASHINGTON FREE EDUCATIONAL WORKSHOPS

Sept. 20 10 - 11:30 am  
Mercer Island Community Center  
8236 SE 24th St, Mercer Island

Oct. 4 10 - 11:30 am  
High Point Community Center  
6920 34th Ave SW, Seattle

Online Webinars  
Sept. 17 & 23 noon - 1 pm

For more information and to pre-register for a workshop, visit [www.solarizewa.org](http://www.solarizewa.org) or call (206) 328-2441.

# Burien's **1,000 Pumpkins** Night of Pumpkins is Back!

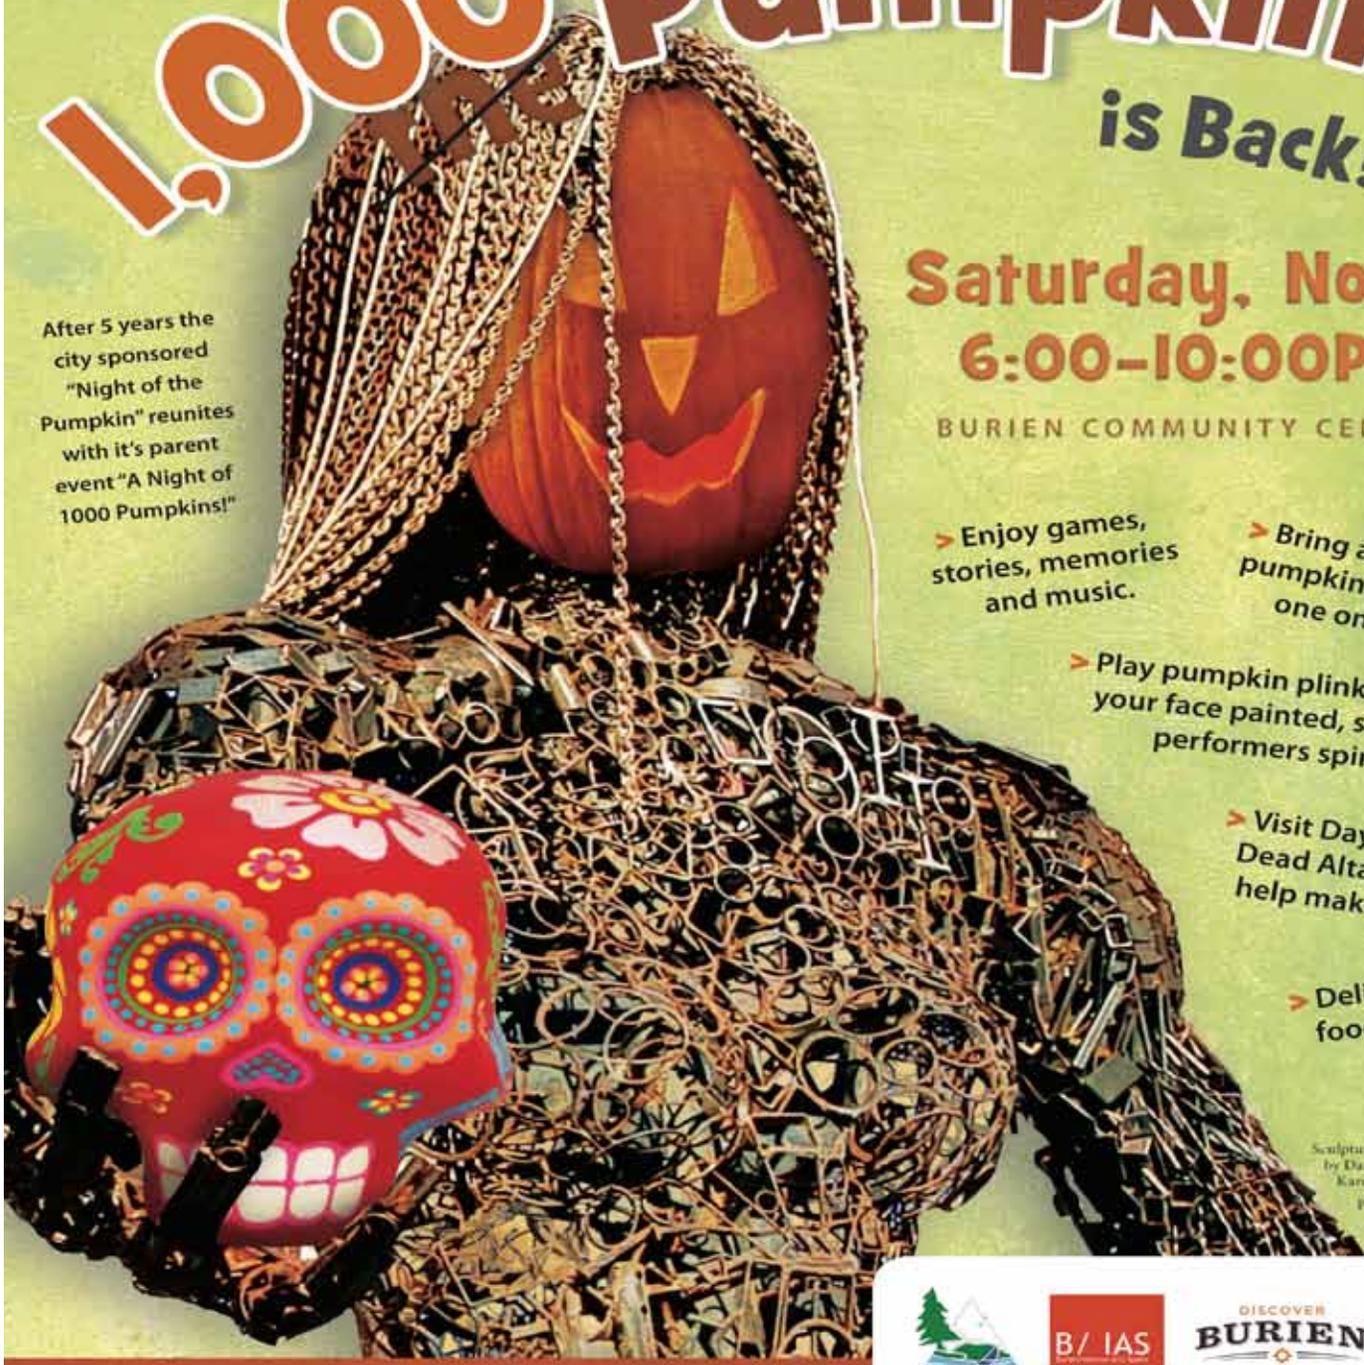

After 5 years the city sponsored "Night of the Pumpkin" reunites with it's parent event "A Night of 1000 Pumpkins!"

**Saturday, Nov. 1  
6:00-10:00PM**

BURIEN COMMUNITY CENTER

- > Enjoy games, stories, memories and music.
- > Bring a carved pumpkin or carve one on site.
- > Play pumpkin plinko, have your face painted, see fire performers spin.
- > Visit Day of the Dead Altars and help make one.
- > Delicious food too!
