

2017-2018 Preliminary Budget

For the biennium

January 1, 2017 through December 31, 2018

City of Burien, Washington

400 SW 152nd Street, Suite 300

Burien, WA 98166

(206) 241-4647

A vibrant and creative community, where the residents embrace diversity, celebrate arts and culture, promote vitality, and treasure the environment

VISION FOR BURIEN

Our Future. Our Choices.

COMMUNITY

Genuine
Engaged
Stable

Burien residents are welcoming, know their neighbors, and work together.
Burien residents enjoy robust civic and cultural participation.
Burien strives for stability by encouraging provision of basic services for all of its residents.

DIVERSITY

Inclusive
Multicultural
Multi-centered

Burien embraces diversity and welcomes all residents.
Burien celebrates the many cultures and backgrounds of its residents.
Burien cultivates a thriving array of business and community centers.

ENVIRONMENT

Natural
Green
Livable

Burien conserves its natural environment and public waterfronts.
Burien treasures parks and open spaces, and welcomes opportunities for more.
Burien makes sustainable land, energy, water, and transportation choices.

PROSPERITY

Local
Expansive
Creative

Burien values local services and supports local businesses.
Burien encourages businesses in order to expand its economic base.
Burien promotes and supports its rich palette of arts, culture, and heritage.

EDUCATION & YOUTH

Teaching
Learning
Nurturing

Burien believes that quality schools are essential to its long-term success.
Burien actively promotes early childhood education and life-long learning.
Burien supports its youth with programs to augment its schools.

HEALTH & SAFETY

Healthy
Active
Peaceful

Burien promotes community vitality with health and wellness services for all ages.
Burien encourages active living to support physical and mental health.
Burien ensures public safety through both crime prevention and law enforcement.

GOVERNANCE

Responsive
Effective
Collaborative

Burien's city government operates in an open & accountable manner.
Burien's city government strives for organizational excellence.
Burien fosters partnerships with others in pursuit of common objectives.

October 3, 2016

Dear City Councilmembers,

I am delighted to submit the 2017/2018 City Budget for your consideration. This proposed budget is guided by the Burien Strategic Plan 2017-2020, which was adopted by the City Council on June 20, 2016. The Plan details priorities for this budget and the next, and addresses Burien's needs and goals in alignment with the City's resources. Specific Strategic Plan Goals are shown in parentheses by the *2017/2018 Initiatives* shown in each department's narrative. A copy of the Plan is included in the appendices.

Just as the Strategic Plan is a guide for the City's priorities, the budget provides the means for important city functions and services. In that regard, it is perhaps the most important document reviewed and approved by the City Council to help improve our quality of life. Thanks in advance for your thoughtful consideration.

The total two-year budget is \$81.5 million and includes \$53 million in General Fund expenditures. The ongoing expenditures in this budget are balanced and are consistent with the Council's adopted Financial Policies. This budget also reaches the General Fund reserve goal of a 20% that contributed toward the City receiving an increase in its credit rating from A1 to Aa3.

Our budget documents are by necessity lengthy to fulfill the City Council's request that staff work be transparent and include important details. Priorities from the Strategic Plan supported in this budget respond to community input and take steps to address public safety, sidewalks and streets, and programs for youth and teens. Major elements and themes in this budget are:

- Preserving our assets by increasing funding to maintain Burien's infrastructure.
- Continuing to protect Burien's financial health through prudent management and savings.
- Designating funds to begin replacing outdated software and other technology.
- Addressing the structural deficit and expiration of the Annexation tax credit.
- Restoring key resources to our Police to provide community-based policing services.
- Increasing the Capital Partnership Reserve and establishing a new Capital Equipment Reserve.
- Increasing Human Services Funding because of the increased general fund revenues.
- Providing funds for the Art in Public Places Fund.
- Continued economic development investments such as implementation of the new City brand, and implementation of the mobility study and downtown wayfinding.

Revenues and Expenditures

Burien's preliminary assessed valuation (AV) provided by the King County Assessor shows a growth of more than 7.5%, increasing our AV to \$5.5 billion. Levying the 1% property tax increase pursuant to adopted city policy will mean an extra 28 cents per month for a home with the median value of \$250,000, while generating \$150,000 over the biennium to help maintain critical services, including public safety. Burien has benefitted from the annexation sales tax credit in excess of \$800,000 per year resulting from the 2010 annexation of the North Highline area. The City must prepare for the end of this credit in 2020. One option to make up for this gap would be to allocate 100% of property tax to the General Fund (instead of 90%), provided that Real Estate Excise Tax receipts are sufficient to fund the City's debt service.

A structural deficit means that revenue increases will not keep pace with current level expenditures regardless of how well the economy is performing. Though the economy is rebounding from the recession, sales tax revenues are up, and property values are up, there continues to be less revenue available than is needed for basic services. In the last budget cycle, we implemented a 2.5% expenditure reduction and staff has continuously sought to underspend the adopted budget where possible. However, costs continue to rise.

Over 55% of Burien's General Fund budget is allocated for public safety. Those costs continue to rise at a much higher rate than the Consumer Price Index (CPI). An inventory of our pavement conditions shows that the City is not keeping pace with maintaining our streets in their current condition. Without proper maintenance, our longer-term costs will be higher due to the need for replacement rather than repair. Our 2016 Community Survey and Strategic Plan process indicated that the public understands the need for additional funds for public safety, streets and sidewalks. Staff is recommending a \$10 increase in the car tab fee to provide additional funding for pavement management and new financial policy language to help manage cost increases.

Staffing Levels

To address priorities identified in the Strategic Plan and Community Survey, a 2% cost of living adjustment (COLA) for 2017 and 2% COLA placeholder for 2018 are included, and the budget includes selected new positions and modifications to certain current positions as follows:

- Restore the Senior Planner position eliminated during the recession since our Community Development Department has seen a sustained increase in land use and building permitting activity.
- Restore the Information Systems Manager position by reclassifying the Systems and GIS Administrator to also focus on replacing the City's outdated business systems and meeting room technology.
- Restore the GIS Analyst I position by reclassifying the part-time GIS Intern position to keep pace with the increased development activity and improve productivity.
- Increase the Front Desk Assistant from half-time to full-time to provide even better customer service.
- Add two community policing positions (one sergeant and one officer/detective) to address the Strategic Plan Goal of increasing public safety and reducing crime.
- Increase a Recreation Coordinator from 0.55 to 0.75 to enhance arts programming.
- Increase a 0.75 Parks Maintenance Worker to 1.0 to address outstanding maintenance needs.
- Add 0.60 Human Resources Technician to handle personnel workload and provide more time to the Administrative Services Manager to update policies and oversee public records process improvements.
- Add a Street Maintenance Worker II to enhance our infrastructure maintenance. This position is only recommended if Council approves the increase in the Transportation Benefit District car tab fee.

Capital Funding

To construct important capital projects in recent years, Burien has benefitted from state and federal grants and loans and we have incurred a modest amount of debt. Our revenue sources for capital projects are even more modest and have been used for debt service payments. Unless we consider and adopt additional revenue sources for project design and local matching funds, we likely will struggle to compete for new grant funds given a highly competitive environment and shrinking federal and state programs. Several peer cities have been adopting franchise fees and/or utility taxes on water and sewer services, and it will be in Burien's interest to monitor those efforts and consider such sources to help fund new capital projects.

As is the case every two years, the budget document represents a major work product for city staff, particularly for the Finance/IT Department. I very much appreciate their hard work and that of the other departments who analyzed work programs, sought opportunities for savings and efficiency and completed this work while undertaking other major work program items.

Staff looks forward to answering the Council's questions and implementing your direction to refine and adopt the 2017-18 Burien City Budget. Thanks again for your thoughtful consideration.

Sincerely,

Kamuron Gurol
City Manager

City of Burien Background

Burien is a well-managed and fiscally healthy city that has participated in the prosperity of the regional Puget Sound economy. The City is in a healthy position with:

- a well-established economic base
- a low debt burden
- strong financial management

City of Burien Details

- A 100-year old community incorporated in 1993, encompassing an area of approximately 10 square miles.
- Current population including the recent annexation is 50,000 reflecting a 81 percent growth since incorporation.
- Council–manager form of government.
- Administered by a full-time City Manager and a seven-member City Council, with one of its members serving as Mayor. All terms are for a period of four years.
- Located on Puget Sound across from Vashon Island, 12 miles south of Seattle, and served by State Routes 518 and 509.
- Additional information about the City is included in the Appendix.

BIENNIAL BUDGET PROCESS

The budget process begins every even numbered year with the preparation of a six-year financial forecast. This document is developed prior to the biennial budget so that annual appropriations can be viewed in the context of the city's long-term direction and resource capability. The biennial budget document implements the projects and priorities identified in the six-year financial forecast and capital improvement program. It outlines the manner in which financial resources will be utilized during the budget period. The course the City is taking can be changed through the allocation of resources. The City Council, the City Manager, Department Directors, City staff and Burien residents all participate in the budget process.

The City of Burien's budget process is designed to provide the essential structure for the financial planning, control and evaluation process of government. It presents a forecast of expected resources and the purposeful distribution of those resources. Once adopted, the budget is a formal expression of public policy on the City's objectives and priorities and the provision of resources meet those objectives.

City staff prepares the six-year financial plan and presents it to the Council in June or July of each year and it is adopted in either July or August. City staff then presents the adopted financial policies to the Council in July or August. Council considers changes to these policies and then adopts the policies with any revisions in August.

City staff then prepare the Preliminary Budget, which includes the final estimates of revenues, expenditures, and capital improvement program changes, including all requests from departments for presentation to the Council in early October. Public hearings and Council discussions are held and the final budget is adopted in late November or early December.

The typical calendar for the City of Burien's Budget is as follows:

Budget Process Steps	JUN - JUL	AUG	SEP	OCT	NOV	DEC
1. Finance Department prepares Financial Forecast						
2. Six-year Financial Forecast submitted to Council						
3. Council Discussion of Financial Forecast, Operating Budgets						
4. Financial Policies presented to Council						
5. Council adopts revised Financial Policies						
6. Final Estimates of Revenues, Expenditures, and Capital Improvement Program Changes						
7. City Manager and Department Directors finalize all requests						
8. Preliminary Budget submitted to Council						
9. Public Hearings and Council Discussions						
10. Council adopts final budget						

The adopted budget takes effect on January 1st. Throughout the year, expenditures are monitored to ensure that funds are used in an approved manner. A few times during the budget period, the budget may be changed (amended) by Council action in an open public meeting to respond to additional City activities throughout the course of the budget period.

BUDGET PROCEDURES AND AMENDMENT PROCESS

Chapter 35.33 of the Revised Code of Washington (RCW) mandates the City's budget procedures. The budget, as adopted biennially by the City Council, constitutes the legal authority for expenditures. The City's budget is adopted at the fund level and expenditures may not legally exceed appropriations at that level of detail. Appropriation authority for all funds except capital project funds lapse at year-end and are prepared on a modified accrual basis. Appropriations on budgets for capital project funds are on a life-to-date basis, and the appropriations do not lapse at year-end, but continue until completion of the project.

The City Manager is legally authorized to transfer appropriations within a fund. However, as a practical matter, expenditure increases at the department level are presented to the council as budget amendments for adoption by ordinance. The budget can be amended several times during the year.

The accounts of the City are organized based on funds and account groups. The City uses governmental funds. Each governmental fund is accounted for with a separated set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues and expenditures.

The City's budget and financial statements for governmental funds have been prepared on the modified accrual basis of accounting in conformity with generally accepted accounting principles (GAAP). Under the modified accrual basis, revenues are recorded on the cash basis or when they are susceptible to accrual, meaning they are both measurable (the amount is known) and available (the revenue is collected soon enough to pay current liabilities of the current period). Expenditures are recognized on the full accrual basis of accounting, meaning expenditures are recognized when the fund liability is incurred. The City prepares the budget on a line-item basis, which means each category of expenditure, salaries, benefits, professional services, etc., is itemized in the document, however, the budget is formally adopted at the fund level.

These definitions apply for individual years on the following pages:

2017-2018 Preliminary Budget: The 2017-2018 Preliminary Budget as presented to the City Council on October 3, 2016.

2017-2022 Forecast: The 2017-2022 Financial Forecast for Operating Funds.

2016 Budget: The 2016 Budget as amended by the City Council in December 2015.

2015 Actual: The 2015 Actual Revenues and Expenditures as reported in the City's 2015 Comprehensive Annual Financial Report (CAFR).

2014 Actual: The 2014 Actual Revenues and Expenditures as reported in the City's 2014 Comprehensive Annual Financial Report (CAFR).

FUND DEFINITIONS

The following are the fund types budgeted by the City and other fund grouping definitions:

General Fund

The General Fund supports the general operations of the City government. These include administration, the legislative function, legal services, public safety, planning and community development, enforcement of local codes, parks, recreation, and cultural activities. Taxes are the principal source of revenue for the General Fund: property tax, sales tax, utility tax, gambling tax, and business and occupation tax. Other important sources are shared revenue from other governments, licenses and permits, charges for service, and fines and forfeitures. The General Fund accounts for all City resources except those for which a specific fund has been created.

Special Revenue Funds

Special Revenue funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. There are seven Special Revenue funds: *Street, Surface Water Management, Art in Public Places, Equipment Reserve, Capital Projects Reserve, Public Works Reserve and the Transportation Benefit District Fund*. The four reserve funds just mentioned account for the City's longer-term accumulation of resources.

Debt Service Fund

This fund accounts for resources necessary to pay the principal and interest on general long-term debt. In 2017 and 2018, the annual operating budget includes transfers from the General Fund, Public Works Reserve Fund, Street Fund and Transportation Benefit District Fund to the Debt Service Fund to pay for the annual debt service requirements. Bonds were issued in late 2006 (\$9,805,000) for Town Square and the Community Center. These bonds were refunded with new bonds issued in 2016 (\$5,320,000). In late 2010 (\$8,615,000) for a street overlay project and in 2011 (\$8,550,000) to refund the remaining 2002 bonds and to complete and close out the 1st Avenue South , Phase 1 project. In 2009 the City joined a coalition of cities to form the South Correctional Entity (SCORE) to build and operate a regional jail facility. Based on the City's 4% ownership interest, the city is responsible for \$3,449,400 of the \$86 million in bonds sold to construct this facility. In 2013 the City opened a line of credit (\$3,538,562) to purchase the NERA properties. These properties were sold in 2016 and the line of credit was paid off.

Capital Project Funds

These funds are used to account for financial resources to be used in the acquisition of capital facilities including those financed by special assessment. Capital projects are adopted on a multi-year year basis. Currently the city has three active capital project funds: Parks and General Government, Transportation and Surface Water Management.

Operating Funds

Operating Funds are those funds which are used solely for the general operations of the city. This sub-grouping of funds is comprised of the: General Fund, Street Fund, and the Surface Water Management Fund. The Surface Water Management Fund and the Surface Water Management Capital Improvement Fund are two different funds. The first is for general surface water operations and maintenance and the second is for the construction and acquisition of surface water capital equipment and facilities.

TOTAL ALL RESOURCES	\$32,378,250	\$35,192,948	\$39,560,575	\$39,415,165	\$38,613,130

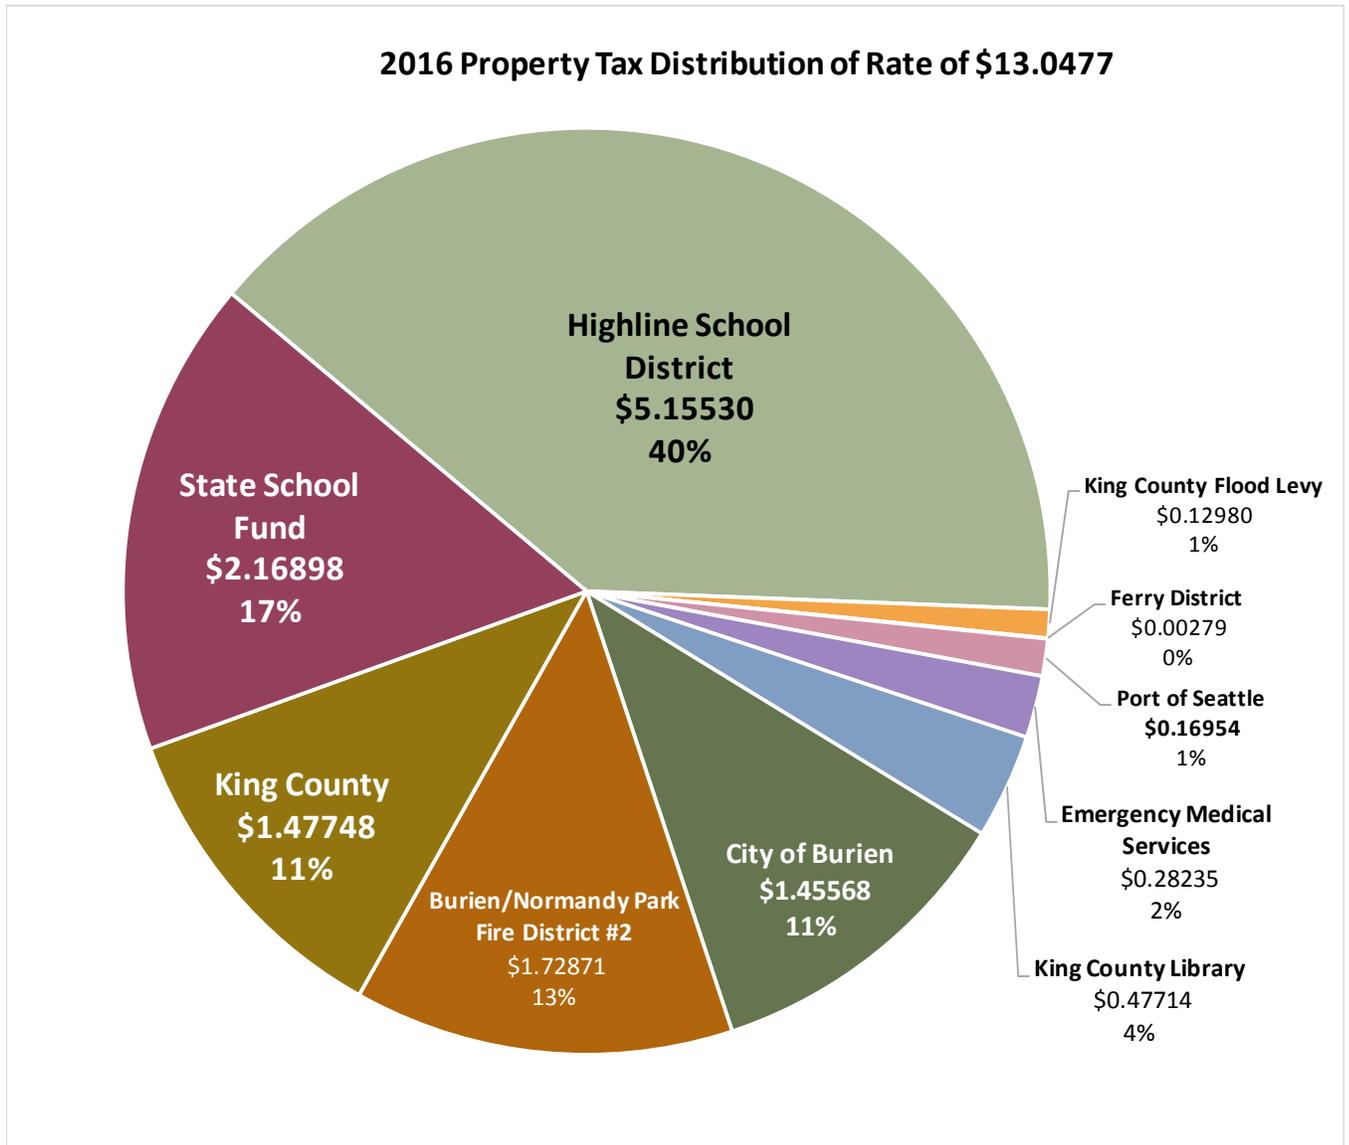

As reflected in the above chart, 72% of General Fund revenue consists of the following three sources: Sales Tax, Property Tax, and Utility Tax. The other 28% of revenues are franchise fees, B&O tax, gambling tax, permits, intergovernmental (including state shared revenues), charges for services and other miscellaneous revenues.

Each of the primary revenue sources is discussed on the following pages. Detailed information on all General Fund expenditures may be found beginning on page 2-15 of this section.

MAJOR REVENUE SOURCES

PROPERTY TAX

Property taxes are the City’s second largest revenue source at \$6.825 million in 2017 and \$6.93 million in 2018, or 27% of the total revenue supporting the General Fund. Both the 2017 and 2018 estimates include a 1% property tax increase as allowed by State law. Even with the 1% increase, the property tax rate will be less than residents have paid during the past several years. The projected 2017 property tax rate for the City Burien is \$1.37713, reduced from the current 1.4557. It is estimated that a 1% property tax increase will be an additional \$3.38 annually for an average home that is valued at \$250,000. These taxes pay for the City's general operations, such as services provided by Police and Parks.

As illustrated in the above chart, the City of Burien receives a relatively small percentage of a property owner’s tax bill (11%). In comparison, 57% is allocated to the Highline School District and State Schools (combined), 13% to the Fire District, 11% to King County and 4% to the King County Library District.

SALES TAX

The City receives sales tax from three sources. The main source of sales tax, \$6.69 million in 2017 and \$6.94 million in 2018, is the City-imposed 0.85% tax on retail sales as shown below. The City also receives a portion of the sales tax collected by King County for Criminal Justice, \$1.36 million in 2017 and \$1.43 million in 2018. This is collected countywide and distributed to all cities on a per capita basis. The third source, the additional 0.1% sales tax credit provided by the State for cities that have recently annexed new areas, accounts for \$805,000 in 2017 and \$835,000 in 2016. These three revenues account for \$18.1 million or 35% of the 2017-2018 General Fund budgeted revenue, making it the largest revenue source in the fund. The 2017 estimate is an 12% increase over the 2016 Amended Budget, reflecting a much-improved economy. The increase is primarily driven by improved auto sales, which picked up in late 2013 and continue to be strong.

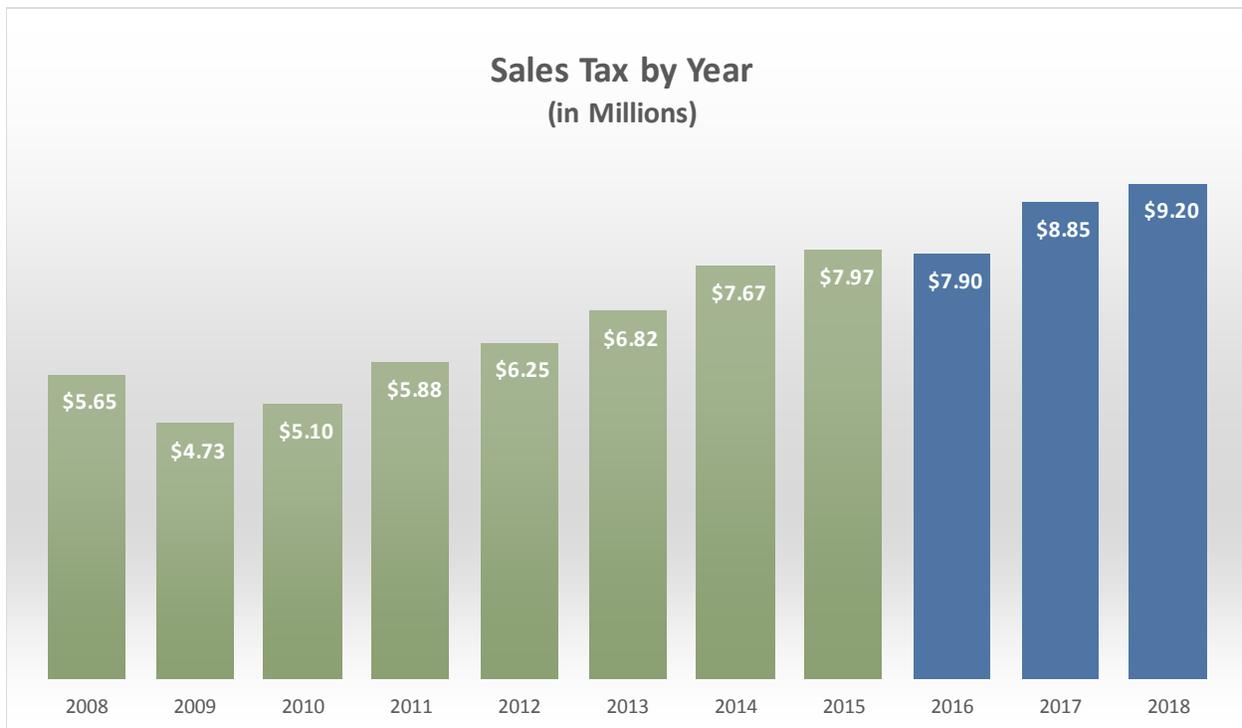

The sales tax rate in the City of Burien is the state allowable 9.5% on retail goods, and an additional 0.3% on automobile sales to help pay for statewide transportation improvements. The chart below reflects the distribution of the \$9.50 tax collected per each \$100 of sales on retail goods.

Sales Tax Distribution by Government Entity

Government Entity	Amount	Percent of Total
Washington State	\$ 6.50	68.42%
City of Burien	0.85	8.95%
King County	0.85	8.95%
King County Criminal Justice	0.10	1.05%
Regional Transit Authority	0.40	4.21%
King County Public Transportation Benefit Area	0.80	8.42%
Total Sales Tax on \$100 of retail goods	\$ 9.50	100.00%

An additional .3% is added to automobile sales to fund statewide transportation projects. The total sales tax rate on automobile sales is 9.8%.

The chart below illustrates the change in sales tax since 2008, along with the forecasted sales tax revenues for the years 2017 and 2018. With one exception, sales tax revenues have grown each year. From 1994 to 2000, the City’s sales tax collections grew by 7% annually. The first year with a decline in sales tax from the previous year was 2001. The first signs of the current economic downturn appeared in 2008, with 2009 falling to 2004 revenue levels. The increase in 2010 is due to the receipt of additional sales tax as a result of the State Sales Tax credit program for cities that annex new areas and an increase in the Criminal Justice Sales Tax, reflecting the City’s increased population due to the North Burien annexation in April 2010. Both increases are for a partial year. The 2011 increase reflects the full year of the State Sales Tax Credit and the Criminal Justice Sales Tax. Burien sales showed a significant uptick at the end of 2013 that has continued into 2016, primarily as a result of increased automobile sales. The 2016 amount reflects the 2016 revised budget, however, based on recent collections, the City is expecting to collect \$8.9 million. Construction sales tax has shown strong growth in 2016; however, that increase is considered to be “one-time revenue” and therefore has not been included in the 2017 and 2018 estimates due to the variable nature of the business.

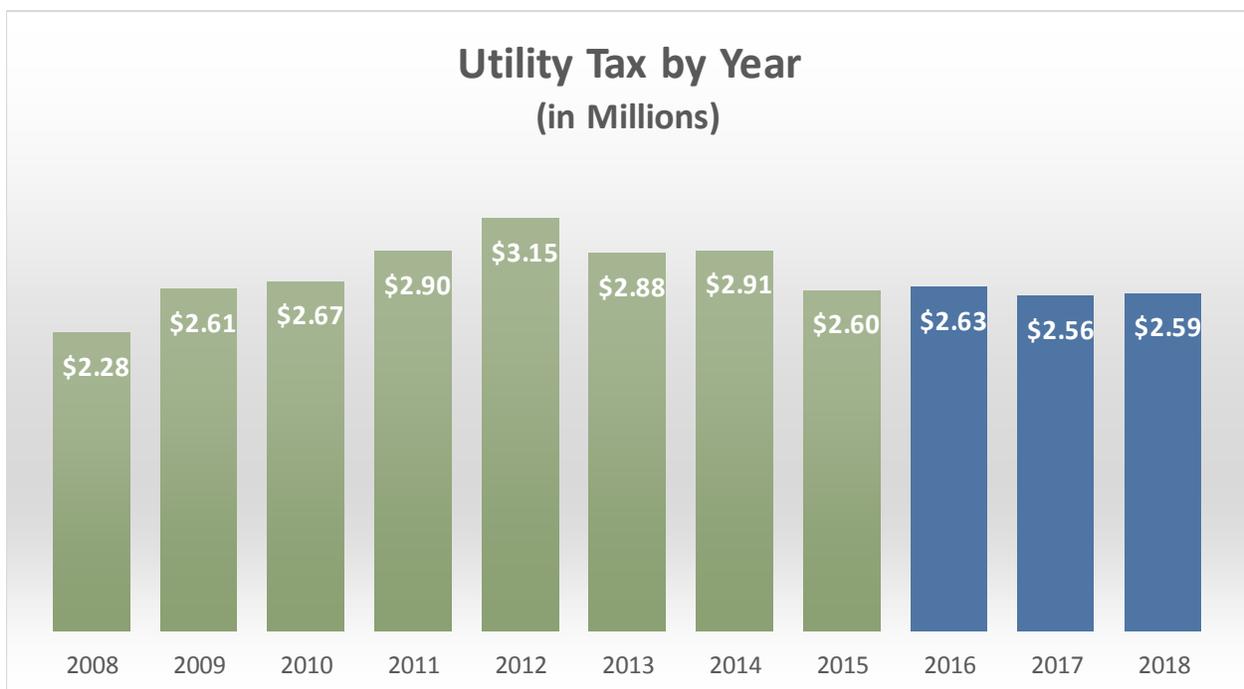

**Green boxes represent actual collections. Blue boxes represent budget estimates.*

UTILITY TAX

Utility taxes were implemented in February 2002, and are the City’s third largest tax revenue source at \$2.56 million, or 10% of total revenue, in 2017, and \$2.59 million, or 9.9%, in 2018. The City of Burien has a 6% Utility Tax on cable, telephones, cellular phones, electricity and natural gas. There is also a 6% utility tax on solid waste that is dedicated to the Street Fund. In the chart below, the larger increase in 2012 is primarily due to one-time revenue from a utility tax audit that was undertaken in late 2011. The decline in 2013 reflects the return of the solid waste tax to the Street Fund. It is partially offset by an increase in electric (Puget Sound Energy) from 3% to 6% and one-time receipts from the utility tax audit. 2014 includes one-time revenue from a utility tax audit. Collections in 2015 did not include any audit revenue. This revenue source remains fairly flat as many households continue to phase out their land lines, resulting in lower telephone utility tax.

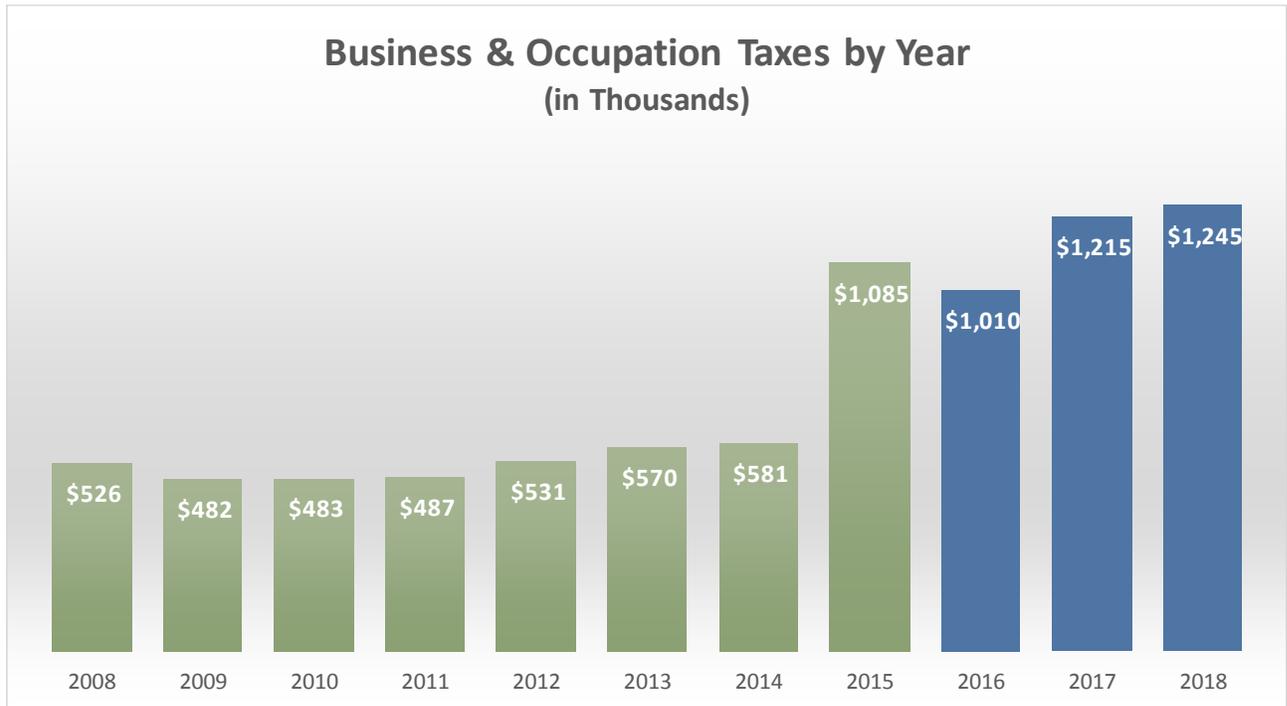

By type of utility, telecommunications accounts for 41% of total utility taxes received, natural gas is 21%, cable is 31% and electricity is 7%.

**Green boxes represent actual collections. Blue boxes represent budget estimates.*

BUSINESS & OCCUPATION TAX

In 2002, the City adopted a Business and Occupation Tax on businesses with gross receipts in excess of \$100,000 per year. Council increased the B&O tax rate in 2015 from 0.25% to 0.50%, but increased the income threshold to \$200,000. Collections in 2015 increased as a result and the City expects to collect over \$1.2 million each in 2017 and 2018.

**Green boxes represent actual collections. Blue boxes represent budget estimates.*

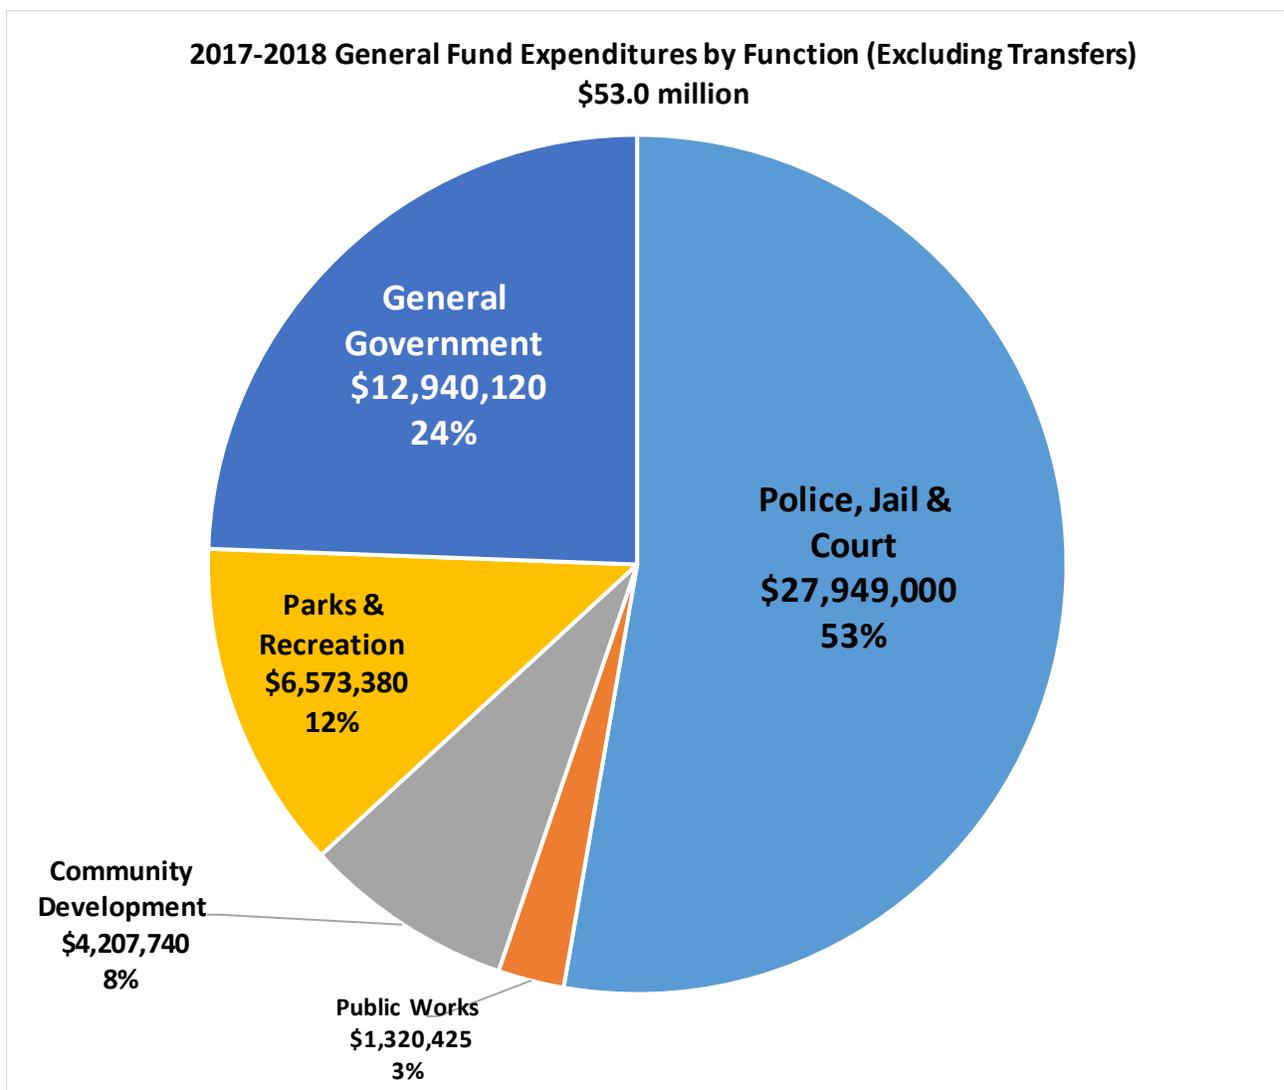

GAMBLING TAX

Gambling Taxes are the City’s tenth largest revenue source at an estimated \$505,000 in 2017 and 2018. The City imposes a tax on card rooms of 8% on quarterly gross revenues, 5% on punchboards, pull-tabs, bingo, and raffles and 2% on amusement games. Taxes on card rooms account for the majority of this revenue source.

This revenue source has varied greatly over the years as the local card room has closed and re-opened a couple of times. A new owner purchased the card room in 2013 and the City Council approved lowering the card room tax rate from 11% to 8% to improve their chance of success.

DEPARTMENT EXPENDITURE EXPLANATION

Burien's 2017-19 General Fund Preliminary Budget, excluding transfers and ending fund balance, is \$7.2 million or 15.8% more than the 2015-2016 Adopted Budget. The following descriptions highlight the individual components of the increase.

City Council: The budget for benefits has been adjusted to reflect the increase in dues to state and regional associations.

City Manager Services: This budget reflects a department reorganization that returned the Management Analyst, Communications Officer, and the Management Intern-Communications back from the Economic Development Division. The 2017 Professional Services budget includes one-time funding for a consultant to study the noise impacts of SeaTac Airport and \$40,000 to complete the website update that began in 2016.

Economic Development: This budget reflects a department reorganization that returned the Management Analyst, Communications Officer, and the Intern-Communications back to the City Manager's Department.

Administrative Services: This budget includes the addition of a part-time Human Resources Technician (0.60 FTE) to keep pace with and enhance services. It also includes an increase in the Front Desk Assistant from part-time to full-time. This position will be assume responsibility for the business license function beginning in 2018, which is offset by a reduction in professional services. This position will also improve internal control by serving as the cashier for City Hall financial transactions. Funding is also increased for voter registration costs based on estimates from King County Elections Office.

Finance: This budget includes replacement of the City's financial software, including additional funds for consulting assistance. It also includes increased costs in contracts for Jail and District Court. The preliminary budget includes a reclassification of the Systems and GIS Administrator to Information Systems Manager and an upgrade of the part-time GIS intern position to a full-time GIS Analyst I to address workload. The Information Systems Manager position will supervise this division and serve as the technology lead for major system upgrades in the next two biennia. The GIS workload has grown substantially over the past two years so a full-time Analyst I is recommended to perform routine maintenance of the City's GIS database, in addition to implementing database enhancements for end users and residents. Both the Information Systems Manager and GIS Analyst positions were eliminated as a budget reduction during the recession.

The budget also includes funding to replace the City's telephone system and to upgrade meeting room technology including the Council audio, video, and voting systems.

Legal Services: No changes were proposed to this budget.

Police Services: The Police contract estimate includes two new positions to address public safety concerns identified in the recently adopted Burien Strategic Plan 2017-2020, a Sergeant and an Officer or Detective.

Public Works: This budget reflects the transfer of the Right-of-Way Inspector position and offsetting revenue to the Street Fund. The Professional Services budget includes funding for an office remodel.

Community Development: This budget request includes the restoration of the Senior Planner position that was eliminated as a budget reduction during the recession. The 2017 request includes a re-budget of the 2016 allocation of \$50,000 for a consultant to evaluate and streamline the current permit submittal and tracking process (LEAN) in advance of upgrading or replacing the permit software. The 2018 request includes \$150,000 for a consultant to assist with the permit system replacement project along with \$600,000 for the purchase of software.

Parks, Recreation & Cultural Services: The 2017-2018 staffing budget includes an increase in the Parks and Facility Maintenance Worker from 1.75 to 2.00 FTE to address a backlog of ongoing maintenance needs. The Recreation Coordinator position at Moshier Arts Center is increased from 0.55 FTE to 0.75 FTE to address a reduction in volunteers and enhance arts programming. Also included is a reclassification of the Recreation Leader III to Teen Programmer, additional intermittent staff for the after-school and teen programs and a reclassification of the Parks Operations Manager to Parks Project Manager as approved by Council during 2016. All Recreation Specialist positions were reclassified to Recreation Coordinator as a result of the 2016 salary survey, conducted every three years per City policy.

The budget also includes funding to support the Teen Council, an increase in support for summer concerts and the Strawberry Festival, funding to install lighting in Dottie Harper Park, and for the purchase of a maintenance vehicle.

City Council

Department: City Council (01)

Fund: General

Responsible Manager: Kamuron Gurol

Division: N/A

Fund Number: 001

Position: City Manager

Goals and Activities

The City Council, as the legislative branch of City government, sets City policies and provides overall program and project direction to achieve its residents' vision for a friendly, well-planned, thriving community with quality public services and an open, responsive government. The City Council budget consists of those expenditures incurred by the City's elected officials as they conduct the business of the Council, including the City's membership in key regional, state and national organizations.

2015-2016 Accomplishments

- ◆ Adopted the 2017-2020 Strategic Plan.
- ◆ Responded to an increase in Human Service needs by appropriating additional funding.
- ◆ Enhanced community engagement and resident communications with *Burien* magazine.
- ◆ Approved the purchase and sale agreement for the property in the North East Redevelopment Area, advancing economic development.
- ◆ Adopted policies that strengthened the General Fund reserves, resulting in an increase in the City's credit rating.
- ◆ Approved the refunding of the 2006 bonds, resulting in a 10-year savings of more than \$735,000.
- ◆ Established the Capital Partnership Reserve to leverage the City's funds for capital facilities.
- ◆ With support of the business community, adopted an increase in the Business and Occupation Tax rate to implement the key economic development priorities adopted in 2014. Also adopted an increase in the small business threshold.

2017-2018 Initiatives

- ◆ Seek to reduce airport impacts on Burien residents. (Goal 7.c)
- ◆ Reflect Strategic Plan Goals in the Adopted Budget.
- ◆ Provide direction for action on the Downtown Mobility Study. (Goal 3)
- ◆ Enhance infrastructure funding, to better maintain road surfaces at current conditions. (Goal 2)

- ◆ Association of Washington Cities: Founded in 1933, the Association of Washington Cities (AWC) is a non-profit, non-partisan organization that represents Washington's cities and towns before the state legislature, the state executive branch and regulatory agencies.
- ◆ National League of Cities: The National League of Cities (NLC) represents 49 state municipal leagues and approximately 19,000 member cities, towns, and villages of all sizes throughout the country.
- ◆ Puget Sound Clean Air Agency: This special-purpose, regional government agency was chartered by state law in 1967 with a jurisdiction that covers King, Kitsap, Pierce and Snohomish counties. The annual fee pays for agency regulatory activities and reflects the estimated level of effort for the agency to ensure compliance with air quality regulations.
- ◆ Puget Sound Regional Council: PSRC is an association of cities, towns, counties, ports and state agencies that serves as a forum for developing policies and making decisions about regional growth and transportation issues in the four-county central Puget Sound region.
- ◆ Suburban Cities Association: SCA is an association of 37 suburban cities in King County committed to regional problem solving, which requires city officials to balance the interests of their individual cities with the larger interests of the region.

Registration and Training: This category covers Councilmembers' registration at conferences sponsored by the National League of Cities in Washington, D.C. and by the Association of Washington Cities at various locations in Washington State.

Other Miscellaneous/Celebration: This category includes expenditures for annual community awards and volunteer recognition.

City Manager's Office

Department: City Manager (03)

Fund: General

Responsible Manager: Kamuron Gurol

Division: N/A

Fund Number: 001

Position: City Manager

Goals and Activities

The City Manager serves as the chief executive officer of the City. The manager directs and supervises all activities of the City to implement policy as set by the City Council and to carry out City Council initiatives and objectives. The manager monitors and manages the City budget and evaluates the current and long-term financial condition of the City. The manager executes the City Council's changes in priorities, programs, service levels, costs and evaluation standards for City and contract services. The City Manager represents City Council policy in intergovernmental relations, contract negotiations and support for state and federal legislation. The City Manager also supervises the City's Communications functions and a Management Analyst.

2015-2016 Accomplishments

- ◆ Proposed the City of Burien Strategic Plan 2017-2020.
- ◆ Began construction of Town Square Phases II and III.
- ◆ Oversaw the sale of the City's property in the North East Redevelopment Area, initiating the first state of redevelopment.
- ◆ Secured business community support for an increase in the Business and Occupation Tax rate to fund implementation of key economic development priorities adopted in 2014.
- ◆ Conducted the 2016 Biennial Community Assessment Survey via telephone and online to measure residents' satisfaction with City services and solicit input on the Strategic Plan.
- ◆ Increased resident satisfaction with city functions and services across a broad range of areas as shown in the community survey.
- ◆ Enhanced customer service through specialized trainings for staff.
- ◆ Streamlined administrative processes through Lean Process Improvement for the City's pet license renewal process.
- ◆ Identified and prioritized community outreach strategies, including the launch of Burien Magazine, a quarterly publication mailed to residents.
- ◆ Initiated a Lean process for building permitting.
- ◆ Enlivened Burien's social media activities, increasing community engagement and establishing an additional medium for information.
- ◆ Proposed policy increases to the City's reserves, resulting in an increase in the City's credit rating.

2017-2018 Initiatives

- ◆ Develop a strategy for a permanent Public Works maintenance facility, increasing efficiencies in operations. (Goal 10.c)
- ◆ Implement the Strategic Plan and provide the community with annual updates on progress. (Goal 3)
- ◆ Use the results of the Building Permitting Lean study to inform permitting software solution decisions. (Goal 4.a & b)
- ◆ Conduct a study to inform the design and implementation of an effective outreach program to boost engagement with residents who speak other world languages. (Goal 3.e)
- ◆ Continue to support community-based organizations that serve at-risk and vulnerable community members through the allocation Health and Human Services funds and partnerships. (Goal 6.a)
- ◆ Oversee budget implementation and ensure Burien remains fiscally strong. (Goal 9.c)
- ◆ Advocate for Burien interests including Airport noise and emissions on the Federal legislative agenda. (Goal 7.c)

Economic Development

Department: City Manager (03)

Fund: General

Responsible Manager: Vacant

Division: Economic Development

Fund Number: 001

Position: Economic Development Manager

Goals and Activities

The mission of the Economic Development Division is to ensure Burien is the best place to work, live, learn, shop and visit. The important factors in determining whether people or businesses locate in Burien are the City's ability to provide employment opportunities, healthy businesses providing goods and services, the quality of public services and public safety, the area's natural beauty, good schools, strong neighborhoods and efficient traffic circulation.

2015-2016 Accomplishments

- ◆ Made substantial progress on top five Economic Development Priorities (EDP), as set by Council in January 2015.
- ◆ Recruited the Economic Development Specialist. (EDP)
- ◆ Worked with the developer to initiate the first stage of redevelopment in the North East Redevelopment Area (NERA).
- ◆ Completed the Mobility Study. (EDP)
- ◆ Undertook a branding initiative, including identity development and website redesign. (EDP)
- ◆ Worked with the developer to initiate completion of the final phases of Town Square.

2017-2018 Initiatives

- ◆ Develop business recruitment and retention plan. (Goal 3.a & c)
- ◆ Develop and implement a business outreach strategy and plan, including the development and use of incentives. (3.c)
- ◆ Implement the new Brand through a cohesive marketing campaign and rollout plan. (Goal 3.d)
- ◆ Continue development of the Airport Industrial Center in the North East Redevelopment Area.

Administrative Services Division – Human Resources

Department: City Manager (05)

Fund: General

Responsible Manager: Angie Chaufty

Division: Administrative Services

Fund Number: 001

Position: Administrative Services Manager

Goals and Activities

The Administrative Services Division is comprised of the City Clerk and Human Resources functions. The Human Resources function supports the City's goals and objectives by providing services in the areas of staffing, professional development, performance management, compensation and benefit administration.

2015-2016 Accomplishments

- ◆ Completed a compensation study for all positions, to assess appropriate salary levels to attract and retain qualified staff.
- ◆ Reviewed the performance review form and process.
- ◆ Implemented Affordable Care Act requirements.
- ◆ Achieved 2015 and 2016 WellCity Awards, resulting in a health insurance premium reduction and potentially improving or maintaining employee health.

2017-2018 Initiatives

- ◆ Develop an organizational development training program. (Goal 9.a)
- ◆ Provide a variety of supervisory training programs. (Goal 9.a)
- ◆ Conduct a benefit review to assess the current level of benefits offered by the City. (Goal 9.a)
- ◆ Update the Personnel Policies, improving communication to employees and ensuring compliance with federal, state and local statutes.
- ◆ Assist employees transitioning off a medical plan that will be terminated effective January 1, 2018.
- ◆ Sustain and enhance the City's Wellness Program.

Administrative Services Division – City Clerk

Department: City Manager (05)

Fund: General

Responsible Manager: Angie Chaufty

Division: Administrative Services

Fund Number: 001

Position: Administrative Services Manager

Goals and Activities

The Administrative Services Division is comprised of the City Clerk and Human Resources functions. The City Clerk function supports the City's goals and objectives by providing services in the areas of customer service, record management, governance support and legal compliance. The staff in this division work closely with residents, city staff and elected officials.

2015-2016 Accomplishments

- ◆ Fulfilled a high volume of complex requests for public records.
- ◆ Enhanced the Public Records Disclosure web page on the City website, improving communication of City processes.
- ◆ Conducted cross-departmental front desk training resulting in the redesign of the shared workspace, improved processes, and enhanced customer service.
- ◆ Reorganized division to better address records management and public record request needs.
- ◆ Applied the Lean process to the animal license purchase and renewal process resulting in increased data accuracy, reduced postage costs, and a reduction in staff time.

2017-2018 Initiatives

- ◆ Support public involvement and informed City decision-making by continuing to provide citizens and officials with accurate and timely information, records, and notices.
- ◆ Depending upon direction from Council regarding animal control services, select and implement a new pet licensing software to streamline the process, improve efficiency and reduce costs. (Goal 10)
- ◆ Coordinate and provide records management training to various departments, resulting in more efficient records retrieval. (Goal 9)
- ◆ Streamline the City Council agenda packet preparation process, including implementation of agenda management software. (Goal 9)
- ◆ Upgrade the software used for the Rental Housing License database. (Goal 10.b)

Budget Highlights: City Manager/Administrative Services Division – City Clerk

In 2016, the scanner position became a front desk assistant (.5 FTE). This budget includes an increase in the Front Desk Assistant from part-time to full-time starting in 2017. This position will be assume responsibility for the business license function beginning in 2018, which is offset by a reduction in professional services. This position will also improve internal control by serving as the cashier for City Hall financial transactions.

Salaries and Benefits: Salaries are based on actual costs for existing positions plus a 2% cost of living adjustment (COLA) in 2017 and a 2% COLA placeholder in 2018.

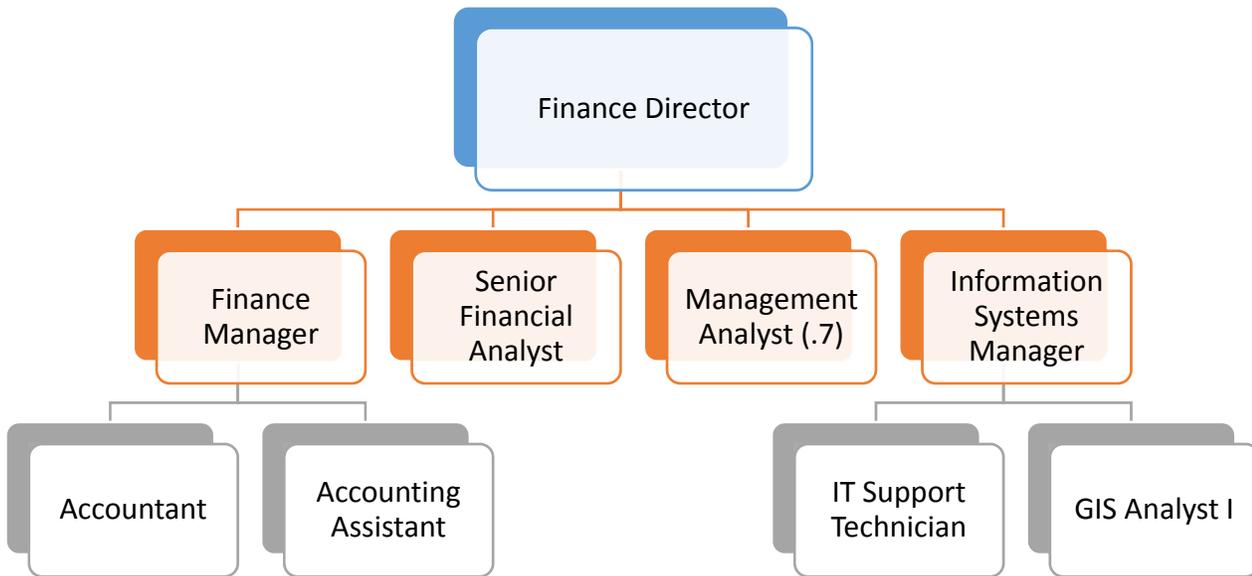

Professional Services:

Account Number	Contract Purpose	2014 Actual	2015 Actual	2016 Revised Budget	2017 Preliminary Budget	2018 Preliminary Budget

TOTAL PROFESSIONAL SERVICES		\$ 5,832	\$ 5,250	\$ 7,000	\$ 93,000	\$ 38,000

- ◆ Professional Services: Includes transportation to secure the City's network backup.
- ◆ Business License Services: This line item was previously budgeted in the Street Fund. The increase in the Front Desk Assistant position to full-time is to transition this service to City staff in 2018.
- ◆ Software Licensing Fees: Annual licensing fees for new agenda management software and cashier point-of-sale system.
- ◆ Code Supplement: Annual costs to update the online municipal code.

Advertising: Post public notices.

Voter Registration Costs: The significant increase in these costs reflects the estimates provided by King County Elections for both election and voter registration costs.

Finance – Accounting Division

Department: Finance (04)

Fund: General

Responsible Manager: Kim Krause

Division: N/A

Fund Number: 001

Position: Finance Director

Goals and Activities

The Finance department is comprised of two divisions, Accounting and Information Technology. The primary activities of the Accounting Division are financial management and contract management. Financial management includes fiscal planning, budget preparation, financial forecasting, financial statement preparation, accounting, investment management, tax collection management, fixed asset accounting, payroll, accounts payable and purchasing coordination. Contract management provides central guidance for the preparation of contract documents and the management of contracts and grants.

The Finance Department has received an unqualified audit opinion for the last eighteen years in addition to achieving the Certificate of Excellence in Financial Reporting awarded by the Government Finance Officers Association (GFOA). In 2015, the department received the GFOA award for Distinguished Budget presentation for the twelfth time. Fewer than 10% of Washington cities receive these awards from the Government Finance Officers' Association each year. The City's Bond Rating was increased to Aa3 in 2016, reflecting the City's good financial condition.

2015-2016 Accomplishments

- ◆ Refunded 2006 Limited Tax General Obligation Bonds for savings of more than \$735,000 over the next ten years.
- ◆ Secured an increase in the City's credit rating from A1 to Aa3 due to the City's strong fiscal position.
- ◆ Developed revenue options and expenditure reductions to address General Fund structural deficit.
- ◆ Performed financial analysis for implementation of 2016 salary survey.
- ◆ Received the Distinguished Budget Presentation Award for the 2015-16 Biennial Budget document.
- ◆ Received the Certificate of Excellence in Financial Reporting for the 2014 Comprehensive Annual Financial Reports (CAFR) and anticipate receiving the award for the 2015 CAFR.
- ◆ Issued a Request for Proposal for a new financial system.
- ◆ Paid off the line of credit used to purchase property in the Northeast Redevelopment Area.

2017-2018 Initiatives

- ◆ Finalize remaining utility tax audit.
- ◆ Advance diversification of revenue, particularly through the possibility of franchise agreements with the special districts to address structural deficit or enhance pavement management funding. (Goal 9.c)
- ◆ Finalize development of equipment replacement schedule and determine annual funding requirements. (Goal 10.a)
- ◆ Conduct a fixed asset inventory.
- ◆ Upgrade financial software. (Goal 10.a)
- ◆ Revise the purchasing policies. (Goal 9.c)
- ◆ Continue publishing financial documents that meet the requirements of the Government Finance Officers Association programs for Distinguished Budget Presentation Award and Certificate of Excellence in Financial Reporting Award.

TOTAL PROFESSIONAL SERVICES		\$ 589,710	\$ 589,663	\$ 639,000	\$ 846,000	\$ 701,000

- ◆ Professional Services: This is for financial consulting to address emerging issues and assist with the financial software conversion.
- ◆ Software Subscription Fees: The annual maintenance fee for the City's financial software.
- ◆ Banking Services/Credit Card Fees: These costs include bank analysis and credit card fees for all credit card payments except recreation classes, which are accounted for in the Parks Department budget.
- ◆ Human Services: Human Services funding is available on a competitive basis each biennium to organizations that provide human services to Burien residents. Per City policy, the City contributes 1.25% of the General Fund revenue. The 2014 contribution was based on 1% of the General Fund revenue.
- ◆ Sales Tax Audit Costs: Audit of state sales tax receipts to ensure the City receives its portion of sales tax generated in Burien. A percentage of the additional revenue pays for these audit services.
- ◆ Business and Occupation (B&O) Tax Collection and Auditing: To collect and audit the B&O tax, which is 0.1% of gross receipts for businesses with gross revenues of more than \$200,000.
- ◆ Washington State Audit Costs: Washington State Auditor annual audit of City records.
- ◆ Animal Control Services: Funding for the animal control services contract.

Memberships and Dues: Includes memberships/dues for the Government Finance Officers Association (GFOA), Washington Finance Officers Association (WFOA), Puget Sound Finance Officers Association (PSFOA) and the American Payroll Association.

Machinery and Equipment: This funding is to replace the City's financial software.

Intergovernmental Services:

- ◆ King County Substance Abuse Treatment: The City provides 2% of its share of liquor taxes and profits to King County for alcohol and chemical dependency program support to help Burien residents.
- ◆ Jail Services: The primary jail service is the South Correctional Entity (SCORE) of which the City has a 4% ownership of the facility. The City also incurs some jail costs with King County and various providers of electronic home detention services. The increase reflects an increase in the City's share of the operating costs at SCORE, primarily caused by a population reduction of one of the other owner cities and a reduction in contract revenue as compared to previous years. There is sufficient contract revenue to pay the debt service for the owner cities. While the Debt Service Transfer Out is budgeted as required per the debt covenants, the transfer will not be made.
- ◆ Court Services: The City contracts with King County District Court for these services. The budget is based on the 2015 cost.

Performance Measures:

Finance – Information Technology Division

Goals and Activities

The Information Technology Division maintains the City's computer network infrastructure including the City's website, hardware, software, and integrated system components. The Division also provides a help desk service to the City's users, maintains the City's Intranet (B-Hive) and maintains the Geographic Information System database.

2015-2016 Accomplishments

- ◆ Upgraded mobile technology used in the field to tablets.
- ◆ Continued implementation of improvements that were recommended as a result of the Washington Cities Insurance Authority cyber-liability security audit.
- ◆ Upgraded server and desktop software packages to Exchange 2013 and Office 2013.
- ◆ Upgraded the network backbone and supporting infrastructure.
- ◆ Upgraded to a new channel video system (Burien Channel 21) with online streaming capability to any mobile device.

2017-2017 Initiatives

- ◆ Participate in and provide support for the upgrade of the City's core software systems, including financial, permitting and parks registration.
- ◆ Implement and migrate to a new City website.
- ◆ Upgrade and replace all meeting room technology, including the voting and audio/video systems in Council Chambers.
- ◆ Replace the City Hall telephone system.

		Salaries	Benefits	Salaries	Benefits
Information Systems Manager	1.00	\$ 95,200	\$ 28,830	\$ 102,000	\$ 31,415
IT Support Technician	1.00	72,400	36,160	73,900	38,165
GIS Analyst I	1.00	58,100	20,255	62,300	21,995
Division Total	3.00	\$ 225,700	\$ 85,245	\$ 238,200	\$ 91,575

Budget Highlights: Finance - Information Technology

The budget includes a reclassification of the Systems and GIS Administrator to Information Systems Manager and an upgrade of the part-time GIS intern position to a full-time GIS Analyst I to address workload. The Information Systems Manager position will supervise this division and serve as the technology lead for major system upgrades in the next two biennia. The GIS workload has grown substantially over the past two years so a full-time Analyst I is recommended to perform routine maintenance of the City's GIS database, in addition to implementing database enhancements for end users and residents. Both the Information Systems Manager and GIS Analyst positions were eliminated as a budget reduction during the recession.

The budget also includes funding to replace the City's telephone system and to upgrade meeting room technology including the Council audio, video, and voting systems.

Salaries and Benefits: Salaries are based on actual costs for the existing positions and include a 2% cost of living adjustment (COLA) in 2017 and a 2% COLA placeholder in 2018. The salaries for the Information Systems Manager and GIS Analyst I are based on surveys of similar positions in comparable cities.

- ◆ Professional Services: Includes funds to participate in regional projects such as aerial photos.
- ◆ Software Licensing Fees: Maintenance and licensing costs for hardware and software used city-wide. Some of the software programs include the GIS database, desktop software, permit software and document management system.
- ◆ Website: Annual maintenance costs for the City’s website.
- ◆ Online Video Streaming: Provide online access to Council and Planning Commission meetings in addition to other informational material.
- ◆ Computer Consultant Services: Contract services to support the City’s network infrastructure or perform minor database programming.
- ◆ Channel 21 Video Production: Contract video production of Council and Planning Commission meetings and other community service announcements that are aired on the City’s local Channel 21.

Performance Measures:

	2011	2012	2013	2014	2015
# of customer requests for GIS products/services	280	189	153 *	225	212
# of supported workstations	114	118	124	124	124
Average # of daily visits to the City website	423	404	441	548	684

* Reduction in customer requests reflects the implementation of self-service applications.

Legal

Department: Legal (06)

Fund: General

Responsible Manager: Lisa Marshall

Division: N/A

Fund Number: 001

Position: City Attorney

Goals and Activities

The Legal Department provides legal services to City officials and employees in support of the City's goals. These services include representing the City in federal, state and other proceedings; defending the Council, Mayor and City department actions; prosecuting misdemeanors and code violations; managing the victim advocacy program; reviewing ordinances, contracts and other documents; and managing risks and claims. Prosecution services are provided by contract. The City Attorney also supervises the City's Code Compliance Officer and serves as the risk manager.

2015–2016 Accomplishments

- ◆ Assisted Public Works in drafting the new Low Impact Development Code required by the City's National Pollution Discharge Elimination System permit.
- ◆ Oversaw resolution of litigation against the City.
- ◆ Revised the standard contract for information technology services to strengthen network security.
- ◆ Assisted Parks with the Highline School District lease agreement for the development of the dog park.
- ◆ Assisted with the sale of the North East Redevelopment Area property and subsequent development.
- ◆ Reviewed amendments to the Town Square Development and Disposition Agreement.
- ◆ Assisted with preparation of the Limited Multi-Family Tax Exemption contracts for Merrill Gardens and the Apartments at Town Square.
- ◆ Assisted with the maintenance agreement for the new Town Square Park located at Merrill Gardens.

2017-2018 Initiatives

- ◆ Work with the Economic Development Division in support of monitoring the Town Square Development and Disposition Agreement and its Amendments.
- ◆ Work with law enforcement to obtain code compliance from chronic nuisance properties pursuant to BMC 9.120.
- ◆ Improve efficiency and effectiveness of nuisance abatement and code compliance services, with emphasis on obtaining compliance from lending institutions responsible for abandoned or foreclosed properties.
- ◆ Assist with drafting and negotiating franchise agreements with utilities having facilities in City rights of way, including possible emphasis on mutually acceptable utility tax provisions.
- ◆ Implement preventive law measures for reducing City's liability exposure.
- ◆ Provide legal support for Comprehensive Plan, subdivision code and sign code amendments.

- ◆ Professional Services: These funds are for hearing examiner services and recording fees.
- ◆ Domestic Violence Advocate: These funds support victims of domestic violence during court proceedings.
- ◆ Overflow Legal Services: This is for additional legal consulting on matters such as negotiation of franchises, research and general legal support.
- ◆ Litigation-Consulting Services: This provides funding for consultation regarding potential litigation, including code enforcement actions.
- ◆ Jury and Witness Fees: The City pays for all witness fees in accordance with the King County District Court contract.
- ◆ Criminal Prosecution Services: This funding is for the City’s contract prosecution services at District Court.
- ◆ Nuisance Abatement Costs: Abatement funds for code compliance are typically used for the abatement of conditions on private property that may include graffiti removal, towing of vehicles, nuisance trash and debris removal and emergency securing of open and accessible hazardous structures/property. With the exception of graffiti removal, costs are passed on to the property/vehicle owner for reimbursement to the City.
- ◆ Public Defense Screening: This service determines whether defendants are eligible for an appointed public defender.
- ◆ Public Defender: The Washington Supreme Court adopted caseload standards for public defenders that resulted in a significant cost increase beginning in 2015.
- ◆ Public Defense Investigations: Funding for experts and investigators used by the City’s Public Defenders for their indigent clients.

Insurance: Annual premiums paid to the Washington Cities Insurance Authority are based on a formula that includes the City’s experience over the last few years.

Performance Measures:

	2012	2013	2014	2015

Police

Department: Police (08)

Fund: General

Responsible Manager: Scott Kimerer

Division: N/A

Fund Number: 001

Position: Police Chief

Goals and Activities

The Police Department is responsible for providing a number of services to help realize Burien's vision for a safe, quality community. The City contracts with the King County Sheriff's Office for its own dedicated and shared personnel. Services include Patrol, Criminal Investigations, Neighborhood Drug Investigations, Gang Investigations, a School Resource Officer and a Community Service Officer. County-wide support services include air support, asset forfeiture, bomb disposal, canine, communications center (911), hostage negotiation, Major Crimes Investigations, Major Accident Response and Reconstruction and the TAC-30 (SWAT) unit. Countywide non-chargeable services include AFIS (Automated Fingerprint Identification System), civil warrants, courthouse security, criminal warrants, dignitary protection, search and rescue, and sexual predator tracking.

2015-2016 Accomplishments

- ◆ Completed implementation of organizational changes to ensure efficiency and community responsiveness.
- ◆ Research the implementation of a reserve officer programs to further engage the community.
- ◆ Implemented 4/10 patrol schedule, resulting in better response, increased community contact and financial efficiency.
- ◆ Hired a bilingual Community Relations Officer.
- ◆ Initiated a Police Explorer program.

2017-18 Initiatives

- ◆ Seek to reduce crime and increase community engagement and the public's perceived sense of safety by implementing crime prevention and community engagement efforts. (Goal 1.a & b.) This program includes the addition of two police officers to the Burien Police. A more complete explanation of the efforts is below.
- ◆ Identify and recommend improvements for police response and crime reduction. (Goal 1.c)
- ◆ Increasing public safety through crime prevention and community engagement:
Strategic Plan Initiatives 1.a and 1.b. address increasing public safety through a cohesive effort that includes multiple facets. While the addition of two new officers is included in this budget, there is more to the effort than simply increasing staffing. These two new officers will join the Special Emphasis Team, bringing the Team's total staff to four.

The Special Emphasis Team demonstrate skills in positive community interactions, and has an ability to engage with residents with substance abuse issues, and mental health or cognition difficulties. The entire Special Emphasis Team would undergo Criminal Justice Crisis Intervention Training. The Team will build relationships with area social service providers and community outreach workers, in addition to working with the King County Sherriff's Office (KCSO) Crime Analysis Unit and other criminal justice agencies.

Outcomes for the Special Emphasis Team are:

- A reduction in the growth of Calls for Service.
- Proactive response to identified emerging crime patterns in the community.
- Crime prevention information and training requests from businesses and neighborhoods.
- High police visibility in the downtown core, parks, and areas identified as having high crime.
- A reduction of negative impacts to residents and businesses.
- Increased connections with service providers to help those in crisis.

Budget Highlights: Police

The Police contract estimate includes two new positions to address public safety concerns identified in the recently adopted Burien Strategic Plan 2017-2020, a Sergeant and an Officer or Detective.

Small Tools and Minor Equipment: These items are primarily for drug investigations and the funding comes from drug seizure funds.

Communications: Wireless cards, funded by drug seizure funds. The Radio Communications budget has been moved to Public Works.

Repairs and Maintenance: Annual maintenance costs for the radar guns, sector and crime capture equipment.

Registration - Training/Workshop: This budget is supported with a Justice Assistance Grant (JAG) or drug seizure funds.

Other Miscellaneous: Provides funding for the Citizen's Academy and National Night Out.

Investigative Funds: These seizure funds are used for covert investigations including payments to confidential informants.

Machinery and Equipment: These purchases are funded by a Justice Assistance Grant (JAG) or seizure funds.

Intergovernmental Services:

Account Number	Contract Purpose	2014 Actual	2015 Actual	2016 Revised Budget	2017 Preliminary Budget	2018 Preliminary Budget

Public Works

Department: Public Works (11)

Fund: General

Responsible Manager: Maiya Andrews

Division: N/A

Fund Number: 001

Position: Public Works Director

Goals and Activities

The Public Works Department is divided into two divisions:

1. The Engineering Division which includes:
 - Capital Improvement Project planning and construction
 - Environmental Engineering and Drainage System Management
 - Development Engineering for permitting, private development and right-of-way improvements
2. The Operations and Maintenance Division which includes:
 - Street Maintenance and Operations
 - Drainage Systems Maintenance and Operations
 - Facilities Maintenance and Operations
 - Fleet Services Maintenance and Operations

2015-2016 Accomplishments

- ◆ Completed the 2015 and 2016 Overlay Projects.
- ◆ Initiated an on-going slurry seal program in 2015, extending the life of Burien's roadways at a reduced cost.
- ◆ Received a Community Development Block Grant and constructed the SW 132nd Street Pedestrian Bicycle Trail.
- ◆ Received grant funding and designed the 8th Avenue S Sub-basin Retrofit Improvements Project.
- ◆ Received a Community Development Block Grant and constructed the Hilltop Elementary Crosswalk and Path Project, improving safety for students and families.
- ◆ Obtained funding for and designed the State Route 518 Eastbound Off-ramp to Des Moines Memorial Drive.
- ◆ Published an Americans with Disabilities Act Transition Plan.
- ◆ Completed creek stabilization improvements at SW 158th Street and 4th Avenue S.
- ◆ Hired an Environmental Education and Outreach Specialist, improving citizen understanding of stormwater and ways to protect the environment.
- ◆ Completed the Citywide Roadway Embankment Stabilization Project, preserving the City's infrastructure.
- ◆ Began the North East Redevelopment Area Pilot Program to design additional public infrastructure in that area.

2017-2018 Initiatives

- ◆ Maintain legislative support for the State Route 518/ Des Moines Memorial Drive interchange. (Goal 2)
- ◆ Obtain design funding for the State Route 518 eastbound on-ramp. (Goal 2)
- ◆ Implement other North East Redevelopment Area strategies – including the Pilot Program; pursue construction funding for infrastructure projects. (Goal 2)
- ◆ Pursue additional revenue to expand the Pavement Management Program. (Goal 2.a)
- ◆ Pursue grant funding to leverage additional revenues for high priority projects in the Transportation Master Plan/Transportation Improvement Plan. (Goal 2.a)
- ◆ Expand the Pavement Management Program by evaluating and implementing additional alternative pavement treatments. (Goals 2.a & c)

Division Total	0.70	\$ 69,900	\$ 31,705	\$ 71,300	\$ 33,410

Budget Highlights: Public Works

This budget reflects the transfer of the Right-of-Way Inspector position and offsetting revenue to the Street Fund.

Salaries and Benefits: Salaries are based on actual costs for existing positions and include a 2% cost of living adjustment (COLA) in 2017 and a 2% COLA placeholder in 2018. The reduction reflects the transfer of the Right of Way Inspector to the Street Fund. Staff in Public Works are paid for with General, Street, Surface Water Management (SWM) and Capital Project funds.

Professional Services:

% of residents who believe the City is adequately protecting the environment	N/A	71%	71%	71%	65%

Community Development – Planning Division

Department: Community Development (13)

Fund: General

Responsible Manager: Chip Davis

Division: N/A

Fund Number: 001

Position: Community Development Director

Goals and Activities

The Planning Division is responsible for current planning, maintaining and implementing the Burien Comprehensive Plan and all land use and subdivision codes and other special intergovernmental projects. Current planning involves review and approval of both building and zoning/land use permits, response to public inquiries on land use and planning issues, preparation of staff reports on planning issues and providing public information on the development process. Long-range planning involves special studies and preparation of policies and regulations to address projected growth in the city. The division provides staff support to the Planning Commission, Hearing Examiner and ad hoc special committees. The division supports the City Council in the review of current and long-term land development issues.

2015-2016 Accomplishments

- ◆ Completed the Growth Management Act (GMA) review and update of Comprehensive Plan prior to June 30, 2015 compliance deadline.
- ◆ Completed the Critical Areas Ordinance and Shoreline Master Program minor amendment to comply with GMA coordination requirement.
- ◆ Completed, in cooperation with Economic Development, the Downtown Mobility Study to inform the Comprehensive Plan and development regulations on downtown development and parking.
- ◆ Continued expansion of expedited review process for major development projects with a focus on the North East Redevelopment Area development reviews.
- ◆ Continued processing annual Comprehensive Plan amendments and rezone requests.
- ◆ Completed the zoning code amendments related to impact fee deferred payments prior to the September 1, 2016 legislative deadline.
- ◆ Completed, in cooperation with Public Works, zoning code amendments related to low impact development.
- ◆ Completed, in cooperation with the Highline School District, zoning code amendments related to school impact fees.

2017-2018 Initiatives

- ◆ Initiate and complete downtown/urban center subarea plan consolidating all downtown policy, planning and design documents as recommended by PSRC Comprehensive Plan Certification Process. (Goal 3.f)
- ◆ Initiate and complete major update to Title 17 Subdivision Code. (Goal 4.c)
- ◆ Initiate and complete zoning code amendments to reduce impediments to development and streamline development regulations. (Goal 4.a)
- ◆ Increase staffing to expand development review capacity and maintain customer service standards for timeliness. (Goal 9.b)

Budget Highlights: Community Development - Planning

This budget request includes the restoration of the Senior Planner position that was eliminated as a budget reduction during the recession. A portion of this position is budgeted in the Building Division to reflect how the workload is distributed for building plan review.

Salaries and Benefits: Salaries are based on actual costs for existing positions and include a 2% cost of living adjustment (COLA) in 2017 and a 2% COLA placeholder in 2018. The increase reflects the addition of .75 Senior Planner position. The balance of this position is included in the Building Division as responsibilities will include building plan reviews.

Professional Services:

Community Development – Building Division

Goals and Activities

The Building Division supports the goal of providing essential public safety, health and welfare through responsible administration of the adopted building, fire, mechanical, plumbing, electrical and state-amended construction-related codes. Projects are reviewed for code compliance via the plan review process, the issuance of the permit and the extensive inspection process. The Building Division provides contract services to the City of Normandy Park. In addition, the division is responsible for the coordination of plan review and inspection process with the fire districts, water districts, sewer districts, state agencies and other City departments. The Building Division is committed to improving performance and developing procedures that are streamlined, understandable and transparent.

2015-2016 Accomplishments

- ◆ Adopted and implemented the 2015 Construction Codes.
- ◆ Updated applications and supporting materials to reflect changes in 2015 Construction Codes.
- ◆ Revised Airport Noise Reduction Requirements to align with updated information received from SeaTac Airport Part 150 Noise Study.
- ◆ Commenced LEAN Study of current permit processing procedures, focusing on expanding electronic permit applications and improving the development review and permitting process.
- ◆ Completed inspections and approved occupancy for six major buildings valued at more than \$1 million each at Navos Behavioral Healthcare Center for Children at Lake Burien, a \$1 million building for CVS Pharmacy and an \$11.8 million building for Franciscan Medical Pavilion.

2017-2018 Initiatives

- ◆ Assist other departments in expanding services to process electronic permits for right-of-way and land use permit types, working in coordination with MyBuildingPermit.com, Ecitygov.net alliance, Planning, Public Works and Information Technology staff. (Goal 4.a)
- ◆ Update forms and checklists for tenant improvement permit applications to reflect changes in 2015 International Existing Building Code. (Goal 4.c)
- ◆ Develop formal over-the-counter permit review process using results of the Lean study. (Goal 4.a)
- ◆ Implement improvements to the development review and permitting process, focusing on continued expansion of electronic permit applications and streamlined development permit reviews through acquisition of new permit-tracking software. (Goal 4.b)
- ◆ Replace existing permit-tracking software. Implement a technology surcharge fee to support electronic development review process. (Goal 4.b)

Parks, Recreation and Cultural Services

Department: Parks, Recreation, and Cultural Services (14)

Division: N/A

Fund: General

Fund Number: 001

Responsible Manager: Steve Roemer

Position: Parks, Rec, and Cultural Svcs Director

Goals and Activities

The PaRCS Department promotes a healthy, livable community with opportunities for physical activity as well as personal and cultural enrichment. To accomplish this mission, it offers recreation and cultural programs for citizens from pre-school age through senior adults. Participants are involved in a wide variety of arts, sports, health, active living and special interest areas. Recreation programs are offered at the Burien Community Center, Moshier Art Center and various Burien schools. The Department produces many city-wide special events throughout the year. The Department is also responsible for the operations, maintenance and stewardship of Burien's park system, with over 350 acres of parks and open space property, including 25 developed and undeveloped parks.

2015-2016 Accomplishments

- ◆ Replaced playground equipment in Dottie Harper Park and completed related improvements.
- ◆ Collaborated with Public Works on a Miller-Walker Basin Stormwater Retrofit Project to establish the Moshier Park Complex with the #1 and #2 ranked projects in consideration for grant funding. This contributed to securing State Department of Ecology design funding.
- ◆ Designed and re-constructed the City Hall Spray Park.
- ◆ Completed the *Burien Toyota and Chevrolet Dog Park*, located within Lakeview Park.
- ◆ Enhanced programming at Moshier Arts Center to include free art lessons for children in the New Futures program of Southwest Youth and Family Services.
- ◆ Reformatted teen recreation programs, resulting in a 58% participant increase in the After School program and a 230% participant increase in the Late Night program.
- ◆ Secured grant funding to replace the playground equipment in Lakeview Park.
- ◆ Operated youth and teen summer day camps at maximum capacity, with most sessions filling prior to the beginning of summer.
- ◆ Created a new marketing brochure and on-line registration service for Seahurst Park's picnic shelter rentals, resulting in \$11,500 additional revenue the first year.

2017-2018 Initiatives

- ◆ Complete design and secure construction funding for the Moshier Park Stormwater Retrofit and athletic field improvement projects. (Goal 7)
- ◆ In conjunction with Public Works, complete the Seahurst Road Slide Repair Project. (Goal 7)
- ◆ In conjunction with Public Works, design and construct the Community Development Block Grant funded Lakeview Park playground replacement project. (Goal 5)
- ◆ Provide enhanced Teen recreation program opportunities in partnership with Highline School District, including After School and inter-city basketball programs. (Goals 5.b, 6.a, 6.b)
- ◆ Continue to provide and enhance our free public special event programs throughout the park system. (8.b)
- ◆ Upgrade the program registration and reservation software system. (5.c)
- ◆ Continue growth in program participation, associated revenue and rental revenue. (9.c)

Budget Highlights: Parks, Recreation and Cultural Services

The 2017-2018 staffing budget includes an increase in the Parks and Facility Maintenance Worker from 1.75 to 2.00 FTE to address a backlog of ongoing maintenance needs. The Recreation Coordinator position at Moshier Arts Center is increased from 0.55 FTE to 0.75 FTE to address a reduction in volunteers and enhance arts programming. Also included is a reclassification of the Recreation Leader III to Teen Programmer, additional intermittent staff for the after-school and teen programs and a reclassification of the Parks Operations Manager to Parks Project Manager as approved by Council during 2016. All Recreation Specialist positions were reclassified to Recreation Coordinator as a result of the 2016 salary survey, conducted every three years per City policy.

Salaries and Benefits: Salaries are based on actual costs for existing positions and include a 2% cost of living adjustment (COLA) in 2017 and a 2% COLA placeholder in 2018.

Office and Operating Supplies: Includes an increase to adjust budget to reflect actual usage and an additional \$2,850 to support the Teen Council.

TOTAL PROFESSIONAL SERVICES		\$796,006	\$905,617	\$942,180	\$ 954,200	\$ 954,200

- ◆ Professional Services: Funding for performers at summer concerts, Arts-A-Glow and Dia de los Muertos; joint community arts projects; youth arts programs; graffiti removal services; backflow testing; fire system inspections; arborist reports; and other services. An additional \$2,000 was included to support the Teen Council and \$4,500 for summer concerts. This request also includes \$20,000 in funding each year to continue

the program that was established in 2014 for low-income Burien residents to participate in the swim program at Evergreen Pool.

- ◆ Strawberry Festival: Funding for vendor management services, performers, sound services and security including an increase of \$2,000 annually.
- ◆ Instructors Professional Services: All contracted parks and recreation programs including preschool, children, teen, adult, family and senior programs.
- ◆ Arts and Culture Grant Programs: Arts and Culture funding is available annually on a competitive basis to organizations that provide arts and culture enrichment to Burien citizens.
- ◆ Building/Facility Maintenance: Primarily custodial services for the Burien Community Center and the Moshier Art Center. This also includes miscellaneous building exterior repair and maintenance, HVAC maintenance and auditorium floor waxing.
- ◆ Summer Youth Cultural Program: Provision of summer programs for Latino youth.
- ◆ Burien/Highline Joint Venture: After School Program with Highline Schools. Funds are used to contract for staff, supplies, materials and transportation.
- ◆ Teen Program: Security, custodial services, DJs and other miscellaneous costs for the Sylvester Middle School and Highline High School teen programs.
- ◆ Software Licensing Fees: This is the annual maintenance fee for the registration software.
- ◆ Seasonal Security: Security for parks community events from June through September.
- ◆ Parks Building Security: Alarm monitoring and inspection services.
- ◆ Recreation Guide: Graphic design and printing services for the Recreation Guide, which is published quarterly.
- ◆ Banking Services/Credit Card Fees: Visa merchant charges for credit card payments.
- ◆ Seahurst Seawall Monitoring: Monitoring of Phase I and North Shoreline restoration efforts includes beach profile measurement and sediment sampling.
- ◆ Parks Maintenance: Includes the annual contract for routine and extraordinary landscape maintenance of 23 park sites, aggregate planters (42), and sports field preparation and maintenance. In addition to planned maintenance activities, the budget includes funds to meet emergent needs such as vandalism repairs, minor plumbing and irrigation system repairs, roof repairs, graffiti removal and other small repairs and improvements resulting from citizen input.

Operating Rentals and Leases: Includes gym rental, copy machines, sani-cans for some park locations and other miscellaneous equipment.

Utilities: Includes utilities such as water, sewer, gas and electricity for all parks grounds and facilities.

Repairs and Maintenance: Includes: graffiti removal, quarterly and annual maintenance of security system and fire alarm, HVAC system maintenance, miscellaneous building repairs, hardware supplies and materials needed for repairs.

Repairs and Maintenance - King County Parks Levy: These funds were moved to the Parks and General Government Capital Improvement Project Fund.

Printing and Binding: Includes printing and binding of newsletters and various flyers promoting special events and programs, including Strawberry Festival.

Other Improvements: This is to re-budget the lighting in Dottie Harper Park as this project will not be completed in 2016.

Machinery and Equipment: This is to purchase a vehicle for the second Parks Maintenance Worker position that was added in 2016.

Performance Measures:

Community Assessment Survey	2008	2010	2012	2014	2016
% of community survey respondents who have visited a Burien park during the last 12 months	78%	78%	86%	82%	73%
% of community survey respondents who have rented a park or recreation facility during the last 12 months	5%	6%	15%	7%	21%
% of community survey respondents rating the city's parks and facilities as good to excellent (in terms of cleanliness and levels of maintenance)	78%	78%	76%	64%	63%
% of community survey respondents very-to-somewhat satisfied with the recreation programs provided for young children (ages 0-5)	50%	56%	40%	27% *	**
% of community survey respondents very-to-somewhat satisfied with the recreation programs provided for children (ages 6-12)	52%	56%	37%	29% *	**
% of community survey respondents very-to-somewhat satisfied with the recreation programs provided for teens (ages 13-18)	44%	43%	37%	21% *	**
% of community survey respondents very-to-somewhat satisfied with the recreation programs provided for adults	56%	68%	54%	43% *	**
% of community survey respondents very-to-somewhat satisfied with the recreation programs provided for seniors	55%	60%	44%	29% *	**

* 2014 data from online survey only

** These questions were omitted from the 2016 survey to incorporate questions related to the City's Strategic Plan initiative.

OTHER FUNDS

OTHER FUNDS

Other funds account for the proceeds of specific revenue sources that are restricted by law or City policy to expenditures for specified purposes. Other Funds includes eight Special Revenue Funds: three are reserve funds that account for the City's longer-term accumulation of resources, two are operating funds, one is the Transportation Benefit District Fund, one is the Art in Public Places Fund and the remaining fund is the Debt Service Fund.

Special Revenue Funds

Street Fund.....	3-2
Surface Water Management Fund.....	3-6
Public Works Reserve Fund.....	3-11
Equipment Reserve Fund	3-12
Art in Public Places Fund.....	3-13
Capital Projects Reserve Fund	3-14
Transportation Benefit District Fund	3-15
Debt Service Fund.....	3-16

STREET FUND

Department: Public Works

Fund: Street

Responsible Manager: Maiya Andrews

Division: N/A

Fund Number: 101

Position: Public Works Director

Goals and Activities

The Street Fund is required by state law to account for motor vehicle fuel tax, which is a dedicated state-shared revenue restricted for street maintenance. The fund also includes other revenue sources that are not restricted including solid waste franchise fees, solid waste utility tax, commercial parking tax and right-of-way permit fees. Some services are provided with in-house staff while others are provided through contracts.

2015-2016 Accomplishments

- ◆ Purchased a new truck with plow, improving the level of service during winter storms and throughout the year.
- ◆ Purchased a new speed trailer with grant funding.
- ◆ Received a Community Development Block Grant and constructed the Hilltop Elementary Crosswalk Rectangular Rapid Flashing Beacon and Pedestrian Trail.
- ◆ In partnership with the Port of Seattle, received \$3.8 million from the Federal Aviation Administration to design infrastructure in the North East Redevelopment Area (this project is now underway).
- ◆ Evaluated neighborhood traffic concerns at over 60 locations. As a result of these studies, the City has installed two new speed humps, two advisory speed limit signs, two school zone signs, two traffic calming rumble strips and striping revisions in two intersections, and traffic curb and signage improvements at various locations.
- ◆ Received a Community Development Block Grant and completed construction of the S 132nd Street Pedestrian and Bicycle Trail.
- ◆ Completed the 2015 and 2016 Slurry Seal Pilot Project, which successfully sealed and extended the life of over 4.9 miles of roadway at a reduced cost.
- ◆ Investigated over 900 service requests and completed over 1,000 work orders.
- ◆ Completed design of the 4th Avenue SW and 6th Avenue SW Intersections with SW 148th Street Project.
- ◆ Completed the Citywide Roadway Embankments and Shorewood Drive Gabion Wall Repair Project.
- ◆ Completed Pavement Overlay on 4th Ave SW between SW 146th Street and SW 148th Street.

2017-2018 Initiatives

- ◆ Seek funding for construction of the 4th Avenue SW and 6th Avenue SW Intersections with SW 148th Street Project. (Goal 2)
- ◆ Seek funding for design and construction of the 4th Avenue SW Sidewalks Project. (Goal 2)
- ◆ Continue to investigate cost-saving measures for maintenance. (Goal 2)
- ◆ Improve service and response times; reduce maintenance costs by evaluating in-house versus contracted tasks. (Goal 2)
- ◆ Purchase equipment that increases maintenance efficiency. (Goal 9)
- ◆ Plan for a future Public Works Maintenance facility; focus on partnership opportunities. (Goal 10.c)
- ◆ Pursue partnership opportunities for a shared decant facility. (Goal 10.c)
- ◆ Continue regional discussion on partnership opportunities for traffic signal maintenance services. (Goal 9)

Budget Highlights: Public Works

This fund includes one new maintenance position and several pieces of equipment to improve service levels and efficiency. The new position is pending approval of an increase in the Transportation Benefit District fee. The Right of Way Inspector position (.80), related expenses and offsetting revenue were transferred here from the General Fund. The balance of this position is budgeted in the Surface Water Management Fund. The Business License expenses and offsetting revenues were transferred to the General Fund.

Salaries and Benefits: Salaries are based on actual costs for existing positions and include a 2% cost of living adjustment (COLA) in 2017 and a 2% COLA placeholder in 2018. Staff in Public Works are paid from the General Fund, Street Fund, Surface Water Management Fund and Capital Project Funds. The percentage charged to each fund varies based on the actual workload. The increase in 2017 is due to the transfer of .80 of the Right of Way Inspector and the addition of one Maintenance Worker (pending approval of an increase in the Transportation Benefit District car tab fee).

Office and Operating Supplies: The reduction in this account reflects the transfer of the downtown flowerpot program to the General Fund.

- ◆ Professional Services: Includes mandated employee drug testing, arborist and tree removal services, engineering consultants and the King County Community Work Program for graffiti removal, weeding and trash pickup.
- ◆ Software Licensing Fees: Annual maintenance fee for work order software.
- ◆ Special Event Cleanup: Litter removal and traffic control for various community events including the annual Clean Sweep and Fourth of July.
- ◆ Business License Services: This line item was transferred to the General Fund along with the Business License Revenue.
- ◆ Neighborhood Traffic Control: This program responds to traffic calming and safety issues primarily adjacent to schools.

Operating Rentals and Leases: Includes the lease of the public work maintenance shop as well as other locations that are used to store equipment and supplies. It also includes equipment rental as needed.

Repairs and Maintenance: This item is for contracted repairs and fleet maintenance.

Machinery and Equipment: This request is to purchase several pieces of equipment that will improve efficiency. The other half of the funding request is budgeted in the Surface Water Management Fund as the equipment is shared.

Intergovernmental Services:

Account Number	Contract Purpose	2014 Actual	2015 Actual	2016 Revised Budget	2017 Preliminary Budget	2018 Preliminary Budget
101-12-542-30-51-000	Street Maintenance Contract-County	47,074	105,712	50,000	50,000	50,000

- ◆ Street Maintenance Contract - King County: This includes patching, paving and grading services.
- ◆ Traffic Signal/Control Maintenance: King County provides maintenance services for traffic signs, striping, signals, engineering and pavement markings.

Transfers Out: Transfers out consist of a transfer to the General Fund for GIS/IT services, the Equipment Replacement Reserve Fund for replacing street maintenance equipment and the Debt Service Fund for half of the debt service on the overlay bond issue.

Revenues: Motor Vehicle Fuel Tax has grown slightly due to an increase in the state tax rate. The Multimodal Transportation Tax is a new fuel tax adopted by the State effective in 2016. The Right of Way Use Permit fees and related expenses were transferred from the General Fund. The Business License Revenue and related expenses were transferred to the General Fund.

SURFACE WATER MANAGEMENT

Department: Public Works
Fund: Surface Water Management
Responsible Manager: Maiya Andrews

Division: N/A
Fund Number: 104
Position: Public Works Director

Goals and Activities

The Surface Water Management Fund accounts for the maintenance and improvement of the City's storm drainage system. Revenue is derived from fees collected from residences and businesses through the county property tax collection process. Some services are provided with in-house staff while others are provided through contracts.

2015-2016 Accomplishments

- ◆ Completed construction of one project in the Residential Drainage Improvement Program and designed additional projects for construction in the next biennium.
- ◆ Began conducting stormwater facility inspections of both publicly and privately owned facilities with City staff rather than County staff, significantly reducing public costs.
- ◆ Continued implementation of the new National Pollution Discharge Elimination System (NPDES) permit requirements – including changing the municipal code for low impact development and performing increased inspections.
- ◆ Began pre-design work for a project that stems from the 2014 Hermes/Mayfair Depression Study.
- ◆ Completed design and construction of creek stabilization improvements at SW 158th Street and 4th Avenue SW.
- ◆ Received a grant award of \$1.4 million from the Washington State Department of Ecology for design and construction of 8th Avenue S Stormwater Retrofit Improvements. Began project design.
- ◆ Completed design of SW 165th Street LID Improvements project, as recommended in the Storm Drainage Master Plan.
- ◆ Continued scanning and organizing digital plans and documents related to the stormwater system.
- ◆ Established and hired a new Environmental Education and Outreach Specialist position.
- ◆ Investigated over 100 service requests and completed over 700 work orders.

2017-2018 Initiatives

- ◆ Construct additional improvements to the SW 152nd Street stormwater system at 8th Avenue SW. (Goals 2 and 7)
- ◆ Construct the SW 165th Street LID Improvements. (Goals 2 and 7)
- ◆ Complete scanning and organizing digital plans and documents related to the storm water system. (Goals 2 and 10)
- ◆ Complete the design and construction of the 8th Ave S Sub-basin Retrofit Improvements project. (Goals 2 and 7)
- ◆ Enhance environmental outreach and education with an emphasis on low impact development with a particular focus on working with schools. (Goal 7)

Budget Highlights: Public Works

Salaries and Benefits: Staff in Public Works are paid for from the General Fund, Street Fund, SWM Fund and Capital Project Funds. The percentage charged to each fund varies depending on the actual workload. Salaries are based on actual costs for existing positions and include a 2% cost of living adjustment (COLA) in 2017 and a 2% COLA placeholder in 2018. The majority of the increase is due to the addition of the Community Environmental Education Specialist position that was added in 2016. In addition, .20 of the Right of Way Inspector position was moved from the General Fund. The balance of that position is in the Street Fund.

Office and Operating Supplies: This budget is for supplies used to maintain and repair the surface water infrastructure.

- ◆ Professional Services: Includes funding for street sweeping, pond cleaning, King County work crew, low impact development consultants and other services as needed.
- ◆ Software Licensing Fees: Annual maintenance fee for work order software.
- ◆ NPDES Phase II: Funding to provide public education, car wash kits and continue implementation of new NPDES permit requirements.
- ◆ Miller/Walker Basin Plan: This funds the City's share of the Basin Stewardship program.
- ◆ TV Inspection and Vactoring: Video inspection and vactoring of the storm water system. The City purchased a vactor truck in 2013 so this account is primarily for waste disposal services in addition to occasionally contracting for vactoring services. Additional funds in 2017 are for video services to determine future work program priorities.
- ◆ Permits and Monitoring: This line item accounts for the City's NPDES permit and Water Resource Inventory Area (WRIA) 9.

Operating Rentals and Leases: Includes the lease of the public work maintenance shop as well as other locations that are used to store equipment and supplies. It also includes equipment rental as needed.

Repairs and Maintenance: This item is for contracted repairs and fleet maintenance.

Intergovernmental Services:

- ◆ SWM Billed by SWM Department: King County SWM Division inspects private and commercial facilities for operational compliance. These costs have been reduced due to the addition of the Stormwater Inspector position.
- ◆ SWM Billed by King County Roads: Work orders that are performed by King County due to specialized equipment.
- ◆ Collection of SWM fees – King County: This fee is charged by King County for collecting the City's SWM fees through property taxes.
- ◆ SWM Assessment/Tax: This is the SWM fee charged for City properties.

Machinery and Equipment: This request is to purchase several pieces of equipment that will improve efficiency. The other half of the funding request is budgeted in the Street Fund as the equipment is shared.

Transfers Out: After transfers to the General Fund for GIS/IT services and the Equipment Replacement Reserve Fund for future replacement of equipment, the fund balance in excess of 5% of current year revenue is transferred to the Surface Water Management CIP Fund for capital projects.

Public Works Trust Fund Loan Principal and Interest: This budget is for debt service for the Ambaum Sub-Basin Public Works Trust Fund Loan PW06-962-010. This loan was issued in the amount of \$1,547,000 to fund the Ambaum Pond Project associated with the 1st Avenue South Phase 1 project. The outstanding balance as of December 31, 2016 is \$830,308. This is a 20-year loan at 0.50% interest.

Debt Service to Maturity Schedule

Total	830,308	22,833	853,142	

Revenues: Surface Water Management Fees reflect a 1.67% rate inflationary increase. In 2016, the Council approved using the Construction Cost Index as published by the Engineering News Record in June of each year.

PUBLIC WORKS RESERVE FUND

The Public Works Reserve Fund accumulates revenue to implement the City's capital improvement plan. Funding sources include both quarter percentages of the real estate excise tax (REET) and parks mitigation fees. The use of REET and parks mitigation funds are restricted by applicable sections of State Law and City Code. These funds are currently being used to pay debt service for qualified projects.

The following tables show Public Works Reserve Fund revenues and expenditures by year.

Revenue History

The City of Burien is authorized to levy a real estate excise tax (REET) on all sales of real estate. All cities and counties may levy a quarter percent tax (described as "the first quarter percent of the real estate excise tax" or "REET 1"). Cities and counties planning under the Growth Management Act (GMA) have the authority to levy a second quarter percent tax (REET 2).

- ◆ Real Estate Excise Tax 1 (REET 1) (RCW 82.46.010): Cities and counties with a population of 5,000 or more planning under the GMA must spend REET 1 receipts solely on capital projects that are listed in the capital facilities plan element of their comprehensive plan. Capital projects are defined as: public works projects of a local government for planning, acquisition, construction, reconstruction, repair, replacement, rehabilitation, or improvement of streets; roads; highways; sidewalks; street and road lighting systems; traffic signals; bridges; domestic water systems; storm and sanitary sewer systems; parks; recreational facilities; law enforcement facilities; fire protection facilities; trails; libraries; administrative and judicial facilities.
- ◆ Real Estate Excise Tax 2 (REET 2) (RCW 82.46.035): The second quarter percent of the real estate excise tax provides funding for cities and counties to finance capital improvements required to occur concurrently with growth under the Growth Management Act. Capital projects are defined as: Public works projects of a local government for planning, acquisition, construction, reconstruction, repair, replacement, rehabilitation, or improvement of streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, bridges, domestic water systems, storm and sanitary sewer systems, and planning, construction, reconstruction, repair, rehabilitation, or improvement of parks.
- ◆ Parks Mitigation fees are restricted for the establishment of parks, open spaces and recreational facilities to serve the expanding population of the city.

Expenditure History

Transfers Out: The majority of this funding is used to pay debt service on qualified projects. There is also a small transfer to the Transportation Capital Improvement Projects Fund.

EQUIPMENT RESERVE FUND

The Equipment Reserve Fund is a reserve used for major equipment replacement. Major equipment is defined as equipment in excess of \$5,000 and has a service life of three years or more. It is funded by transfers from the General Fund, the Street Fund and the Surface Water Management Fund.

The following tables shows Equipment Reserve Fund revenues and expenditures by year.

Account Number	Description	2014 Actual	2015 Actual	2016 Revised Budget	2017 Preliminary Budget	2018 Preliminary Budget

Capital Outlay: The 2017-2018 budget will be used primarily to replace minor technology. Scheduled purchases include an update of City Hall's physical access system and garage security cameras; replacement of servers, desktop computers and printers; and the upgrade of the virtualization infrastructure. The 2017 budget includes funding to replace a vehicle used by Public Works, Community Development and other City staff.

ART IN PUBLIC PLACES FUND

The Art in Public Places Fund was established to enhance the cultural environment in the community by encouraging and promoting the creation and placement of art in public places. It accounts for contributions, donations, commissions on sales of art displayed in public places and 1% of construction contracts funded with City of Burien funds for construction or remodeling of government owned public buildings, transit centers and parks. These funds are used for the selection, acquisition, repair, maintenance, and installation or display of original works of visual art. Repairs and maintenance of public art acquired with these funds and other project specific expenses are also allowable with the exception of administrative staff expenses.

The following tables shows Art in Public Places Fund revenues and expenditures by year.

Revenue History

There are currently no CIP projects that qualify for a contribution to this fund. The General Fund is transferring \$15,000 each year to replenish the fund.

Expenditure History

Works of Art: Expenditures of \$15,000 each year are anticipated to provide funds to purchase works of art identified by the Arts Commission.

CAPITAL PROJECTS RESERVE FUND

This fund was established in 2004 to accumulate funds for the replacement of the previous Senior Center. The 2008 financial policies broadened the scope to include all capital projects and renamed it the Capital Projects Reserve Fund.

The following tables shows Capital Projects Reserve Fund revenues and expenditures by year.

Revenue History

Ten percent of the City's property tax revenue is allocated to this fund.

Expenditure History

Transfers Out: These funds are being used for parks and transportation capital improvement projects.

TRANSPORTATION BENEFIT DISTRICT FUND

The Burien Transportation Benefit District was formed in 2009 to acquire, construct, improve, provide, and fund transportation improvements within the District consistent with any existing state, regional, and local transportation plan. The governing board of the Transportation Benefit District is the Burien City Council acting in an ex officio and independent capacity.

The following tables shows Transportation Benefit District Fund revenues and expenditures by year.

Revenue History

TBD Vehicle Fee: The District is funded by a \$10 excise tax charged on all vehicles registered within the City of Burien. The 2017 and 2018 estimates include a \$10 increase in the fee, for a total of \$20 per vehicle registration.

Expenditure History

Transfers Out: Revenue collected from the first \$10 fee is transferred to the Debt Service Fund to pay the debt service on the 2010 Limited Tax General Obligation Bonds, issued for overlay projects. The proposed additional \$10 fee will be transferred to the Transportation Capital Improvement Projects Fund to be used for the pavement management program.

DEBT SERVICE FUND

The Debt Service Fund accounts for the accumulation of resources necessary to pay principal and interest on general long-term debt. General Obligation Bonds are a direct obligation of the City for which its full faith and credit is pledged. Only debt service and related costs are paid from the Debt Service Fund.

The following table shows Debt Service Fund revenues and expenditures by year.

Summary of Debt Outstanding- General Obligation Debt

General Obligation Bonds

2009 SCORE Series A and B Special Obligation Bonds: In 2009, the South Correctional Entity, (SCORE) Public Development Authority (PDA) issued \$86 million of Special Obligation Bonds. The City of Burien's 4% ownership responsibility in this long-term liability, which has an outstanding balance of \$3,132,600 as of December 31, 2015. The interest rate for these bonds is 2.0 to 5.346%.

2010A and 2010B Limited Tax General Obligation Bonds (\$8,615,000): These bonds were issued for \$8.615 million to provide funds for a major street overlay project. Series A are tax-exempt municipal debt, while series B are Build America Bonds (BABs), which are taxable municipal debt with a rebate from the Federal Government to subsidize a portion of the interest cost. The outstanding balance as of December 31, 2015 is \$6,695,000. This a 20-year bond with interest rates range from 2.00 to 6.13%.

2011 Limited Tax General Obligation Bonds (\$8,550,000): In 2011, an \$8.55 million bond was issued to refund the majority of the 2002 bonds and to provide funding to complete the first phase of the 1st Avenue South capital project. The outstanding balance as of December 31, 2015 is \$6,980,000. This a 20-year bond with interest rates range from 2.0 to 4.0%.

2016 Refunding of 2006 Limited Tax General Obligation Bonds (\$5,320,000): These bonds were issued to refund the remaining balance of the 2006 Limited Tax Obligation Bonds, which were originally issued for \$9,805,000 to provide funds for a future Senior and Activity Center and to continue development of the Town Square Project. The refunding bonds were issued for a period of 10 years at 2.0 to 4.0% interest. The refunding resulted in a net present value savings of more than \$735,000 over the repayment period.

Public Works Trust Fund Loans

152nd St Public Works Trust Fund Loan PW-02-691-007 (\$1,000,000): A portion of this loan is being repaid with revenues from a special assessment (LID #1) against the benefiting property owners on the 152nd Street Enhancement Project, completed in 2003. The remaining portion being repaid with Real Estate Excise Taxes received in the Public Works Reserve Fund. This is a 20-year loan at 0.50% interest. These funds were received in 2002 and 2003. The outstanding balance of this loan as of December 31, 2015 is \$369,444.

152nd St Enhancement Project Public Works Trust Fund Loan PW-02-691-009 (\$2,440,016): The loan has an outstanding balance of \$775,064 as of December 31, 2015 and is being repaid with Real Estate Excise Taxes received in the Public Works Reserve Fund. This is a 20-year loan at 0.50% interest. These funds were received between 2001 and 2004.

1st Ave S. Phase I Public Works Trust Fund Loan PW-04-0691-011 (\$2,000,000): This Loan is for the 1st Avenue South Corridor Project – Phase 1. This loan is split, with half of it being paid by a special assessment on the benefiting property owners and half being repaid from real estate excise taxes. The outstanding balance as of December 31, 2015 amounts to \$1,082,426. This is a 20-year loan at 0.50% interest, borrowed in late 2007 and 2008.

The City of Burien, Washington Capital Improvement Program Overview

The 2017-2022 Capital Improvement Program (CIP) estimates the cost of proposed capital projects for the six-year period and identifies the revenues expected to fund them. Due to an improved economy and diligence in applying for grants, revenue resources have increased allowing for three new Parks and General Government CIP projects, seven new Transportation CIP projects, and three new Surface Water Management CIP projects. Some of these new projects are required such as the Parks, Recreation, and Open Space (PROS) Plan update and Storm Drainage Master Plan, others use grants to improve the City's deteriorating infrastructure, and some are listed as unfunded.

The Capital Improvement Program begins with summaries of project costs and revenues followed by separate sections for Parks and General Government, Transportation, and Surface Water Management. Each section contains individual project descriptions explaining the nature of each project, and revenue and expenditure tables. The CIP is guided by master plans that identify capital improvements that will help the City achieve the goals and policies adopted in the Comprehensive Plan. The Master Plans for each area (Parks, Recreation, Open Space (PROS) Plan, Transportation Master Plan, and Storm Drainage Master Plan) were adopted by the City Council in 2012. Updates to some of these plans are included in this CIP.

The Parks and General Government Capital Improvement Program section has a list of projects that have been identified as necessary but remain unfunded during the forecast period 2017 to 2022. The Transportation CIP section has a list of higher priority unfunded Transportation projects. Lower priority unfunded Transportation projects are listed in the six-year Transportation Improvement Plan (TIP), and the unfunded Surface Water Management projects are listed in the Storm Drainage Master Plan, separately adopted by Council.

A capital project is defined as a project of nonrecurring nature with a cost of \$25,000 or more and estimated service life of at least 10 years including major renovations of existing facilities. Funds available to finance the Capital Improvement Program includes grants, private development sources, bonds, real estate excise tax, and excess fund balances from the General Fund, Street Fund, and Surface Water Management Fund.

Parks and General Government Capital Improvement Plan projects scheduled to begin or continue in 2017-2018 include the following:

- Eagle Landing Park Stair Reconfiguration – This project is to reconfigure the stairs so they terminate mid-slope above the beach and add a viewing platform.
- Lake Burien School Park – Site Plan – This project is to prepare an updated site plan for this park.
- Lakeview Park Playground/Path Improvements – A federal Community Development Block Grant (CDBG) was awarded to replace the old play area with a new play equipment for ages 2-5 and renovate the adjacent tree impacted park pathway.
- Parks, Recreation, and Open Space (PROS) Plan Update – Updates are required every six years.
- Seahurst Park Slide – Construction of a soldier pile wall for stabilization near the lower end of the upper parking lot.

Parks and General Government Capital Improvement Plan projects to be completed or near completion in 2016 include the following:

- Moshier Park Restroom and Field Improvements – This project is to design a new restroom/concession building at Moshier Park along with Field 1 turf improvements.
- Off-Leash Dog Park – This project was finished in 2016.
- Parks Facilities Restoration – In 2016, repairs/reconstruction of the City Hall Spray Park occurred.

Transportation Capital Improvement Plan projects proposed to begin or continue in 2017-2018 include the following:

- 4th Avenue SW Bike Lanes Striping – This new project restripes bikes lanes along 4th Avenue SW between SW 116th Street and SW 128th Street.
- 5th Avenue South Traffic Calming – This new project evaluates and constructs traffic calming features on 5th Avenue South between SW 116th Street and SW 124th Street.
- Citywide ADA Barrier Mitigation Program – The repair and replacement of various noncompliant ramps and sidewalks citywide continues.
- Pavement Management Program – This is an annual program for resurfacing of arterial and residential roads. It was previously named Street Overlay Program.
- Signal Controller/Interconnect Upgrades Program – This is an annual program to update outdated signal controllers at various intersections to connect the timing of traffic lights.
- South 144th Way Improvement – This new project realigns South 144th Way to facilitate commercial traffic into and out of the North East Redevelopment Area (NERA).
- South 156th Street at 4th Avenue South Pedestrian HAWK – A pedestrian actuated HAWK signal will be installed at this crosswalk.
- South/SW 160th Street Corridor Study – Traffic operations will be analyzed along the 160th Street corridor between 4th Avenue SW and Des Moines Memorial Drive.

Transportation Capital Improvement Plan projects to be completed or near completion in 2016 include the following:

- 4th and 6th Avenues SW/SW 148th Street Intersection – Design work to upgrade the existing signal and add protected left-turn phasing on all approaches continues.
- Citywide Roadway Embankment Stabilization – This new project is to stabilize street settlement at four sites citywide.
- Hilltop Elementary School Crosswalk/Path project – A federal Community Development Block Grant (CDBG) was awarded for this project which added a flashing beacon at the crosswalk near the school and pathway improvements.
- Lake to Sound Trail – King County is managing this project and will be completed in 2016.
- North East Redevelopment Area (NERA) Infrastructure Improvements-Pilot Program – This project is in partnership with the Port of Seattle to plan and design infrastructure improvements in the NERA area.
- North East Redevelopment Area (NERA) State Route 518/Des Moines Memorial Drive Interchange– This project is in partnership with the Port of Seattle to plan and design infrastructure improvements in the NERA area. Construction will be managed by Washington State Department of Transportation (WSDOT).
- Shorewood Drive Gabion Wall/Roadway Embankment Improvement – This project is for emergency repair of the gabion wall and adjacent embankment.
- South 132nd Street Pedestrian and Bicycle Trail - A federal Community Development Block Grant (CDBG) was awarded for this project.

The Transportation CIP is funded with excess fund balance from the Street Fund, Real Estate Excise tax, grants, and private contributions. Nearly all ending fund balances have been committed over the six-year period.

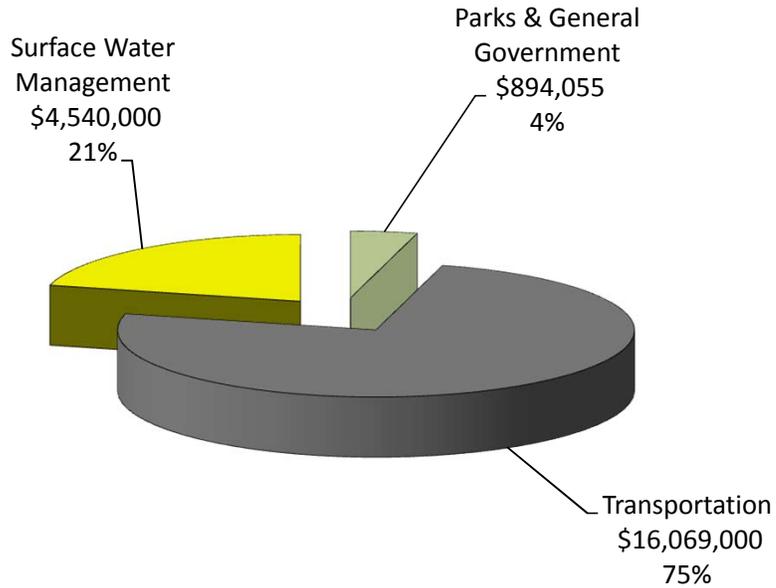

Surface Water Management Capital Improvement Plan projects to begin or continue in 2017-2018 include the following:

- 20th Avenue South Drainage Improvements – This new project replaces an existing stormwater system along 20th Avenue South between South 120th Street and South 124th Street.
- Cove Point Outfall Repair – This new project replaces the failing outfall pipe within Seahurst Park.
- Hermes Outlet Improvements – Design and construction of a new conveyance for the outflows from Hermes Pond.
- Residential Drainage Improvement Program (RDIP) – This is an annual program to address the drainage issues impacting homes adjacent to residential streets.
- SW 152nd Street and 8th Avenue SW Drainage Improvements – Capacity improvements to the stormwater system in this area.
- SW 165th Street Drainage Improvements – This project will eliminate road ponding during heavy rain at this site.
- Storm Drainage Master Plan Update – Plan will be updated to include required National Pollutant Discharge Elimination System (NPDES) Phase II permit elements.

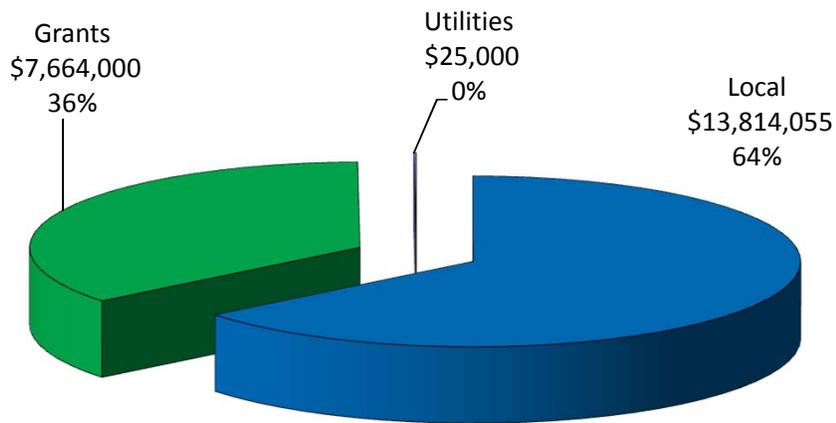

Surface Water Management Capital Improvement Plan projects to be completed or near completion in 2016 include the following:

- 8th Avenue South Sub-basin Retrofit – This project reroutes an existing storm drain trunk line in the North East Redevelopment Area (NERA).
- Capacity Improvements at SW 158th Street at 4th Avenue SW - Capacity improvements to the stormwater system in this area.
- North East Redevelopment Area (NERA) Drainage Improvements – Grants were awarded for this project.

Project Name:	Moshier Park Restroom and Field Improvements
Project Location:	Moshier Park is located at 430 S. 156th Street.
Project Description:	This project is to design Moshier Park Field 1 Turf Improvements, stormwater improvements to all fields and parking lot, and design a new restroom/concession building. Construction is listed in 2019 as unfunded. The City is working with the Highline School District on this project.

		Funded	Unfunded
Total Project Cost:	\$ 2,697,000	697,000	2,000,000

BARS Acct. No.:	317-09-594-73
PM Task Code:	317-
PROS Plan Page No.:	114 and Policy No. 8.4.
Comprehensive Plan:	-
Strategic Plan:	2.d., 7.a.

Maintenance Costs:	Maintenance costs should remain at or near current levels.
Change from prior CIP:	A State Department of Ecology (DOE) grant for stormwater improvements at Moshier Park was awarded for \$447,000. The City costs of \$250,000 include a 25% match of \$149,000 for the DOE stormwater grant and \$101,000 for additional costs related to designing a turf field and restroom/concession building. The unfunded amount was reduced to \$2,000,000 with grants and other funding resources to be pursued.

Project Name:	Parks Facilities Restoration
Project Location:	Citywide.
Project Description:	This project is to replace outdated playground equipment at various parks and restore other parks facilities. In 2017, the Burien Community Center Seahurst Room floor will be replaced, Burien Community Center Annex gutters will be replaced, Moshier Park irrigation valves will be restored, and Seahurst Park recreation improvements are planned. In 2018, projects will focus on resurfacing parking lots at multiple locations, in addition to resurfacing the Lake Burien School Park tennis court.

Project Name:	Public Works Maintenance and Operations Facility
Project Location:	To be determined.
Project Description:	This project is to design and construct a new Public Works maintenance and operations facility to include an emergency operations center with auxiliary generator, staff area with locker room and office space, supply warehouse, interior parking for specific vehicles, covered materials/aggregate bins, storage for equipment and supplies, vehicle wash, fueling and secure illuminated storage yard. Sustainable building techniques will be utilized where feasible. Based on recent consultant studies, the cost for a standalone facility (excluding property) is between \$8 and \$12 million. The City is currently evaluating partnership opportunities with the Highline School District on their underutilized property off of Des Moines Memorial Drive. By sharing the site and potentially sharing some facilities (such as a combined School District lunch and training room with a City emergency operations center, materials storage, fueling and wash bays), the City could see savings of \$1-2 million. Costs cannot be refined until a site is selected. A placeholder estimate of \$10 million for design and construction and \$1.5 million for right-of-way acquisition is included here for planning purposes. Actual costs may vary greatly depending on the site chosen, and whether the City is able to take advantage of partnership opportunities.

Project Name:	Seahurst Park - North Shoreline
Project Location:	Seahurst Park is located at 1600 SW Seahurst Park Road.
Project Description:	This project is to remove the seawall and restore native habitat at the north shoreline in Seahurst Park in accordance with the Seahurst Park Master Plan. Aspects of this project include: removing a portion of the seawall; restoring shoreline and stream habitat; replacing a parking lot; and providing base work for future trails, sidewalks, and recreational features. The funded part of the project includes pre-design, design, and construction of the restoration portions of the project.

		Funded	Unfunded

Unfunded Parks & General Government CIP Projects. These are very preliminary estimates.

<u>All - Play Playground</u>	\$2,500,000
Potential multi-agency partnership to design and construct an all inclusive playground for children of all abilities. May be a phased project.	
<u>Des Moines Memorial Park</u>	\$600,000
Design and develop a plaza area in front of the current 84-foot long, granite World War I memorial located east of Sunnydale School. This area would serve as a gathering place for memorial celebrations and events.	
<u>Master Planning</u>	\$350,000
Develop master plans for underdeveloped parks in Burien including Hazel Valley, Hilltop, Puget Sound, and Salmon Creek. May be a phased project.	
<u>Mathison Park Expansion - Phase 3</u>	\$2,300,000
Expand Mathison Park to include a restroom, picnic shelter, paved parking, community garden, and trails.	
<u>Moshier Field Lights</u>	\$120,000
Renovate the field lights at the Moshier Fields.	
<u>Moshier Sports Fields No. 2, 3, and 4</u>	\$3,000,000
Convert Moshier sports fields #2, 3, and 4 from grass to turf.	
<u>Park Acquisition and Development</u>	\$1,800,000
Acquire and develop properties in areas of Burien currently underserved by parks.	
<u>Seahurst Park - Upper Parking Lot</u>	\$4,900,000
Improve upper parking lot and main road as identified in the Seahurst Park Master Plan.	
 UNFUNDED PROJECTS TOTAL	 <u><u>\$15,570,000</u></u>

2017-2022 Capital Improvement Program Transportation CIP

Project Name:	1st Avenue South - Phase 3
Project Location:	1st Avenue South from SW 128th Street to SW 140th Street.
Project Description:	This project will reconstruct 1st Avenue S. to principal arterial standards with access control. The project will reconstruct pavement, install curb, gutter, sidewalk, two traffic signals, a pedestrian HAWK signal, storm drainage, utility undergrounding, and landscaping. No preliminary work has been done on this project. The costs are calculated on a simple per-foot basis.

Total Project Cost:	\$ 21,800,000	Funded	Unfunded
		-	21,800,000

BARS Acct. No.:	318-
PM Task Code:	318-
TIP Project No.:	05
Comprehensive Plan:	Transportation Element-Goals 1,4,6,7
Strategic Plan:	2

Maintenance Costs:	Maintenance and operating costs should remain at or near current levels.
Change from prior CIP:	New project.

2017-2022 Capital Improvement Program Transportation CIP

Project Name:	Pavement Management Program
Project Location:	Various streets citywide.
Project Description:	This project is an annual program for the repair and resurfacing of arterial and residential streets. In 2015, a Slurry Seal Pilot project was implemented in Northeast Burien. Future pavement preservation locations will be determined using information generated by the Pavement Management Inventory.

Total Project Cost:	\$ 6,059,347	Funded 6,059,347	Unfunded -
----------------------------	---------------------	---------------------	---------------

BARS Acct. No.:	318-03-595-30
PM Task Code:	318-0009
TIP Project No.:	38
Comprehensive Plan:	Transportation Element-Goal 1
Strategic Plan:	2.a.

Maintenance Costs:	Maintenance costs should remain the same.
Change from prior CIP:	Project name was changed; was previously the Street Overlay Program. In 2016, \$40,630 was moved from this project to the South 132nd Street Pedestrian and Bicycle Trail Project.

2017-2022 Capital Improvement Program Transportation CIP

Project Name:	South 144th Way Improvements
Project Location:	South 144th Way from 11th Avenue South to Des Moines Memorial Drive.
Project Description:	This project realigns South 144th Way to facilitate commercial traffic into and out of the North East Redevelopment Area (NERA). The project will install new pavement, bike lanes, curb, gutter, sidewalk, storm drainage, street lighting, and utility undergrounding. Design is being funded through the Port Pilot Program in 2016. Design funding is included to cover any additional City updates or permitting.

Project Name:	South/SW 160th Street Corridor Study
Project Location:	South/SW 160th Street between 4th Avenue SW and Des Moines Memorial Drive.
Project Description:	This project analyzes traffic operations on the 160th Street corridor between 4th Avenue SW and Des Moines Memorial Drive focusing on the two closely spaced intersections at 1st Avenue South and the Ambaum Cutoff South. The study will identify changes to improve traffic operations and vehicle progression between the two intersections and the corridor.

Unfunded Transportation CIP Projects. These are very preliminary estimates.

<u>1st Avenue South - Phase 4</u>	\$11,400,000
Reconstruct roadway to Principal Arterial standards, including pedestrian, stormwater detention and water quality facilities, center medians and left-turn lanes, signal improvements and interconnections, landscaping and irrigation, and driveway consolidation where feasible. Overhead to underground utility conversion. Major drainage replacement.	
<u>SW 136th Street (1st Ave S. to Ambaum Blvd SW)</u>	\$9,980,000
Reconstruct road to include storm drainage, bike lanes, parking, curb, gutter and sidewalks.	
<u>8th Avenue S. (S. 128th St. to S. 136th St.)</u>	\$1,160,000
Pedestrian access project. Sidewalk, curb and gutter, bike lanes, drainage, landscaping and illumination. Note: Consider phases along this corridor based on funding sources.	
<u>8th Avenue S. (S. 136th St. to Des Moines Memorial Drive (DMMD))</u>	\$16,800,000
Reconstruct road to include curb, gutter, sidewalks, bicycle lanes, parking, drainage, landscaping, and illumination. Note: Consider phases along this corridor based on funding sources.	
<u>S. 152nd Street (1st Ave S. to 8th Ave S.)</u>	\$1,260,000
Sidewalks on both sides of street. Fill in gaps in intermittent sidewalk and ensure implementation of American with Disabilities Act (ADA) standards. Bicycle lanes on both sides of street. Connect to Highline High School.	
<u>S. 152nd Street (8th Ave S. to Des Moines Memorial Drive)</u>	\$790,000
Existing three intersections (8th Ave S/S 152nd St, DMMD/8th Ave S, and S 152nd St/DMMD) should be evaluated for comprehensive revisions to improve safety and general awkwardness; consider elimination of an intersection.	
<u>Ambaum Blvd SW Corridor Study (SW 116th St to 1st Ave S.)</u>	\$60,000
Ambaum corridor study of safety, capacity, & non-motorized issues.	
<u>SR 518/Des Moines Memorial Drive Westbound On-Ramp</u>	\$73,500,000
Construct westbound on-ramp from SR 518 to DMMD. Note: Ensure design is consistent with the DMMD Corridor Management Plan.	
<u>Pedestrian and Bicycle Facilities (Citywide)</u>	\$60,000
Construct bicycle/pedestrian/shared use facilities in unopened rights of way that are not being used for, and not planned to be used for, vehicular access.	
<u>Pedestrian Access Near Schools Study (Citywide)</u>	\$60,000
Evaluate and prioritize pedestrian access needs near schools, giving consideration to parking and surface water impacts.	
<u>S. 132nd Trail Completion (10th Ave S to 12th Ave S.)</u>	\$190,000
Install a multi-use bike path on unopened right of way. Completes the physical connection for the 1st Ave S to DMMD neighborhood bikeway.	
<u>S. 132nd Trail Completion (1st Ave SW to 1st Ave S.)</u>	\$730,000
Install a multi-use bike path on unopened right of way. Install a pedestrian-actuated HAWK signal on 1st Ave S. Completes the physical connection for the 8th Ave SW to 1st Ave S neighborhood bikeway.	
<u>SW 152nd St Downtown Sharrows (10th Ave SW to 1st Ave S.)</u>	\$170,000
Pavement markings to provide sharrow lanes and restripe parking for back-in angle parking.	
<u>Pedestrian Improvements for 21st Ave SW Mid-Block Crosswalk (SW 152nd St. to SW 154th St.)</u>	\$80,000
Install a Rectangular Rapid Flashing Beacon and bulb-outs to serve the existing mid-block crosswalk.	
UNFUNDED PROJECTS TOTAL	<u><u>\$116,240,000</u></u>

This page intentionally left blank.

**2017 - 2022 Capital Improvement Program
Surface Water Management Funding Sources
\$4.5 million**

2017 - 2022 Capital Improvement Program Surface Water Management

Project Name:	8th Avenue South Sub-basin Retrofit Improvements
Project Location:	8th Avenue S. between S. 146th Street and S. 152nd Street.
Project Description:	Reroute an existing storm drain trunk line that runs down 8th Avenue S. in the North East Redevelopment Area (NERA) and crosses a private parcel to a new pipe within the 8th Avenue Right-of-Way. Project will include constructing water quality and flow control for this basin, as well as the portion of NERA south of State Route (SR) 518 if deemed feasible.

	Funded	Unfunded
Total Project Cost:	\$ 2,200,845	-

BARS Acct. No.:	319-07-595-40
PM Task Code:	319-0020
SDMP Project No.:	CIP #6
Comprehensive Plan:	Storm Water Element-Goals 1,2
Strategic Plan:	7.a.

Maintenance Costs:	Maintenance costs should remain near current levels.
Change from prior CIP:	Project cost increased by \$260,000 to reflect Port of Seattle contribution toward pipe relocation.

2017 - 2022 Capital Improvement Program Surface Water Management

Project Name:	North East Redevelopment Area (NERA) Drainage Improvement Project
Project Location:	The North East Redevelopment Area (NERA) is bounded by S. 138th Street on the north, 8th Avenue S. on the west, and Des Moines Memorial Drive S. on the south/east.
Project Description:	This \$6.1 million project constitutes a portion of a larger \$23 million project to implement the City's North East Redevelopment Area (NERA)/Miller Creek enhancements and storm water facilities. This sustainable redevelopment project focuses on the use of low impact development and integrates it with the construction of stormwater detention and treatment facilities discharging to Miller Creek. It also includes construction of a trail along Miller Creek, funded by the King County Parks Levy.

2017 - 2022 Capital Improvement Program Surface Water Management

Project Name:	Residential Drainage Improvement Program (RDIP)
Project Location:	Citywide.
Project Description:	Numerous gaps exist in Burien's drainage and surface water management facilities, resulting in problems that impact homes. This project provides for smaller additions to or rehabilitation/replacement of the city's drainage systems. For 2017, planned projects include various storm system rehabilitation and replacements throughout the City.

Financial Policies 5-2
Salary Schedule 5-13
Position History 5-14
Glossary of Terms..... 5-16

CITY OF BURIEN FINANCIAL POLICIES

The City's Financial Policies are intended to serve as a Council-approved set of values and expectations for Council Members, City staff, citizens and other interested parties who may do business with the City. The use of the term "City" refers to all City officials and staff who are responsible for the activities to carry out these policies. The policies describe expectations for financial planning, budgeting, accounting, reporting and other management practices. They have been prepared to assure prudent financial management and responsible stewardship of the City's financial and physical resources.

A. City Funds

The City shall utilize "governmental fund accounting" as the organizational structure for its financial activities. The following funds have been established for budgeting, accounting and reporting.

OPERATING FUNDS

1. The *General Fund* is the general operating fund of the City. It accounts for all financial resources and transactions except those required to be accounted for in another fund.
2. The *Street Fund* is required by state law to account for dedicated state-shared gas tax revenue. The City's business license fee revenue, solid waste franchise fees and solid waste utility taxes are also deposited in this fund. Monies in the Street Fund are used for street maintenance and transportation capital projects.
3. The *Surface Water Management Fund* accounts for the maintenance and capital improvements to the City's storm and surface water drainage system. Revenues come from fees collected from residential and commercial property owners.

RESERVE FUNDS

1. The *Equipment Replacement Reserve Fund* provides monies for the orderly replacement of City assets with a value over \$5,000 and with an estimated service life of three or more years. All monies come from the City's Operating Funds (General, Street, and Surface Water Management).
2. The *Public Works Reserve Fund* is utilized for debt service or to accumulate monies for future Capital Improvement Program projects. Funding sources include the Real Estate Excise Tax (REET), Park Mitigation Fees, and transfers from the General Fund.

3. The *Capital Project Reserve* was established to accumulate monies from the City's annual property tax levy for future Capital Improvement Program projects.
4. The *Art in Public Places Fund* accounts for contributions, donations and commissions on sales of art displayed in public places along with 1% of construction contracts for City owned buildings, transit centers and parks.
5. The *Local Improvement District (LID) Guaranty Fund* is required by State law to maintain a balance of not less than 10% of the City's outstanding LID assessments. All monies in the Fund come from the Street Fund; any monies in excess of the needs of the LID Guaranty Fund are returned to the Street Fund.

DEBT SERVICE FUND

1. The City maintains a single *Debt Service Fund* to account for the resources necessary to pay principal and interest when due on the City's outstanding General Obligation Bonds, Local Improvement District Bonds, and Public Works Trust Fund Loans.

CAPITAL IMPROVEMENT PROGRAM FUNDS

Three Capital Improvement Program Funds have been established to account for the revenues and expenditures associated with the following Capital Improvement Program project areas:

1. Parks and General Government;
2. Transportation; and
3. Surface Water Management.

B. Resource Planning

1. To assure stability and continuity in City services, the City will prepare and update on a biennial basis a six-year Financial Forecast for all City Operating and Reserve Funds. This biennial planning process will enable citizens, staff, advisory committees, and the City Council to discuss current and future programs, service levels, and capital facility needs.
2. The relationship between the Operating and Capital Budgets will be incorporated into the Financial Forecasts and Budgets. Maintenance and operating costs associated with new Capital Improvement Program projects shall be disclosed in the Capital Budget when projects are being considered and included in the Operating Budget when the projects are complete.

3. The City Manager shall develop on a biennial basis a Financial Planning calendar that will provide for the timely update of the six-year Financial Forecasts for all City Operating and Reserve Funds along with the biennial process to develop, review, and adopt the City's Operating and Capital Budgets.
4. The City's Operating and Capital Budgets will implement City Council adopted goals and policies, long-range plans, and service choices for the community. To the extent financially feasible, the City Manager shall develop a proposed budget that implements the adopted Strategic Plan. The City Council shall use the adopted Strategic Plan and other applicable policies and plans to inform and guide their review and adoption of the biennial budget.
5. The City will use "prudent revenue and expenditure assumptions" in the development of the six-year Financial Forecasts, and Operating and Capital Budgets. Revenue and expenditure estimates shall be conservative to generally produce variances from budget estimates in the 3% to 5% range for overall fund revenues and 3% to 5% range for overall fund expenditures.
6. One-time resources shall be identified and shall be used to support one-time expenditures. Ongoing expenditure programs shall only be supported by ongoing resources.
7. Where estimated expenditures and fund balances exceed estimated resources for any Financial Forecast, potential options to bring the six-year Financial Forecasts into balance shall be included as an integral part of the Budget process.
8. To address anticipated the budget implications associated with the loss of the Annexation Sales Tax Credit revenue in the 2019-2020 biennial budget, the city should consider the following options:
 - A. Take steps to limit annual expenditure increases for contract services to the lesser of 2% per year or the annual inflation index listed in Policy J.4.
 - B. Direct 100% of the Property Tax revenue to the General Fund (instead of 90%).

C. Fund Balance and Reserve Levels

Budgeted fund balances shall be established at a minimum of ~~17.520~~20% of budgeted recurring revenue for the General Fund and 5% of budgeted recurring revenues for the Street and Surface Water Management Funds. ~~The City's General Fund Reserve shall be increased to 20% with the adoption of the 2017-18 biennial budget.~~ The City hereby establishes and will maintain reservations of Fund Balance, as defined in accordance with Governmental Accounting and Financial Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund*

Type Definitions. This policy shall only apply to the City's governmental funds. Fund Balance shall be composed of the following five categories:

1. Non-Spendable Fund Balance – Amounts that are not in a spendable form (such as inventory) or are required to be maintained intact (such as the principal of an endowment fund).
2. Restricted Fund Balance – Amounts that can be spent only for the specific purposes stipulated by external resource providers (such as grantors), constitutionally, or through enabling legislation (that is, legislation that creates a new revenue source and restricts its use). Restrictions may only be changed or lifted with the consent of the resource providers.
3. Committed Fund Balance – Amounts that can be used only for the specific purposes determined by formal action of the City Council. Commitments may be changed or lifted only by the City Council taking the same formal action that imposed the constraint originally.
4. Assigned Fund Balance – Amounts the City intends to use for a specific purpose.
5. Unassigned Fund Balance – The residual classification for the General Fund and includes all amounts not contained in the other classifications. Unassigned amounts are the portion of fund balance that is not obligated or specifically designated and is available for any purpose.

The Finance Director shall have the authority to assign amounts of fund balance to a specific purpose; however, before expenditure, amounts must be appropriated by the City Council.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available, restricted fund balance is considered to have been spent first.

When expenditures are incurred for purposes for which amounts in any of unrestricted fund balance classifications can be used, committed amounts shall be reduced first, followed by assigned amounts and then unassigned amounts.

~~With the adoption of the 2015-16 Biennial Budget, Council approved the establishment of a~~The General Fund includes a \$2 million dollar Capital Partnership Reserve. With the adoption of the 2017-18 Biennial Budget, the reserve is increased by \$1 million for a total of \$3 million. This reserve is in the General Fund and will be leveraged to partner with other agencies on shared capital facilities. Also with the adoption of the 2017-18 Biennial Budget, \$1 million is set aside to establish a Capital Equipment Reserve to purchase furnishing and/or equipment for new City facilities. The funds are available for appropriation if the first criteria is met and one or more of the following criteria is also met.

1. Partnership with a public or private entity.
2. The project or the need is identified in an adopted plan or the adopted budget.
3. The estimated cost of the project is a minimum of \$1 million and Burien's share is at least \$500,000.
4. The project can be accomplished better and/or faster with a partnership.

D. Resource Allocation

The City Council has established the following allocations for designated revenues:

1. Not less than 1.25% of annual General Fund expenditures will be for Human Services programs.
2. A minimum of 40% and a maximum of 50% of Business and Occupation Tax Revenues are dedicated to expanded Economic Development programs and activities.

E. Accounting, Budget, and Financial Practice Policies

1. The City will maintain an accounting and financial reporting system that fully meets professional standards, state accounting requirements, and standards used by debt rating agencies.
2. Financial procedures shall be developed to assure appropriate controls are in place to protect City assets and to provide for the development of timely financial reporting.
3. Procurement policies and procedures shall be developed and periodically updated as needed to meet legal requirements and assure effective and competitive purchasing practices.
4. The City will strive to maintain at least an "A1" bond rating from Moody's Investor Services.
5. The Finance Director shall provide to the City Council not less than quarterly a Financial Status Report for all City Funds. This Report will include comparisons of actual revenue and expenditure performance to the respective Budget estimates. Where revenue collections are, or are anticipated to be significantly less than Budget estimates, and/or, where expenditures are, or are anticipated to be significantly greater than Budget estimates, the Finance Director shall include recommendations for possible adjustments or actions.
6. In accordance with state law, the City Manager is authorized to transfer budgeted amounts within any fund; however, any revisions that alter the total expenditure authority (appropriation) of a fund, that increase the total number of authorized

employee positions, or that increase any salary range within the pay classification system in the budget by more than 5% must be approved by the City Council.

7. City checks for the payment of claims may be issued prior to the City Council's review and approval of such claims, provided that the City Manager and/or Finance Director have put in place the provisions of RCW 42.24.180 which include the following:
 - a. The Auditing Officer and individuals designated to sign checks shall have in place an official bond for the faithful discharge of his or her duties in an amount equal to or exceeding \$50,000;
 - b. The City ~~Manager Council~~ shall adopt contracting, hiring, purchasing and disbursing policies that implement effective internal controls;
 - c. The City Council shall provide for its review of the documentation supporting claims paid and for City Council approval of all checks issued for payment of claims at a Council meeting within one month of issuance of the checks; and
 - d. The City Council shall require that if, upon its review, it disapproves some claims, the Finance Director and individuals designated to sign checks shall jointly establish the disapproved claims as receivables of the City and pursue collection diligently until the amounts disapproved are collected or until the City Council is satisfied and approves the claims.

F. Revenue Policies

1. To minimize the impact of cyclical economic downturns on General Fund revenues and services, the City will attempt to diversify its economic base.
2. Where the City has authority to establish and change fees and charges, all such fees and charges (except for the Surface Water Management fee) shall be adjusted annually for inflation, based on the change in the Seattle-Tacoma-Bremerton Consumer Price Index - All Urban Consumers for all items for the twelve month period ending June 30, or other applicable index or measure. The Surface Water Management fee shall be adjusted annually for inflation based on the change in the Engineering News Record Construction Cost Index (CCI) for Seattle. This index shall be measured by the percent change between the most recent June index as compared to the prior June index.
3. The City will establish cost recovery policies for fee supported services which consider the relative public/private benefits received from the services being provided and/or the desirability of providing access to services for specialized populations. These policies will determine the percentage of full service costs to be recovered through fees. The level of cost recovery may be adjusted to ensure that rates are current, equitable, and

competitive and cover that percentage of the total cost deemed appropriate. Staff shall submit periodic financial reports to the Council on the progress in meeting the policies.

4. Grant revenue will be included in the City's Financial Forecasts and Budgets when it is probable the City will receive the grant award.
5. Property taxes levied for general government operations will be at least 1% more than levied in the prior year plus the amount received as a result of new construction. Effective with the 2012 Property Tax Levy, 90% of the Property Taxes will be allocated to the General Fund and 10% will be allocated to the Capital Projects Reserve Fund. [\(Note, see Section B.8. above\)](#)

G. Capital Improvement Program Policies

1. The City will plan for capital improvements over a multi-year period. The Capital Improvement Program will directly relate to the City's long-range plans and policies. When capital improvements are being planned, maintenance & operating costs will be estimated and identified within the City's Financial Forecasts. When the capital projects are complete, monies will be included in the City's Operating Budget to provide for maintenance and operating costs.
2. To plan for replacement of the City's physical assets, the City shall maintain a current inventory of all of the City assets, their condition, and estimated replacement costs. The City shall maintain an Equipment Replacement Reserve Fund consisting of cash reserves set aside each year to provide for the timely and orderly replacement of assets. The Equipment Replacement Reserve Fund shall be included in the update of the City's Financial Forecasts.
3. The City will maintain an "Art in Public Places Fund" for the purpose of providing funds for art in capital improvement projects funded wholly or in part by the City of Burien for construction or remodeling of government owned public buildings, transit centers and parks.
4. A capital project is defined as a project of a nonrecurring nature with a cost of \$25,000 or more and estimated service life of at least 10 years including major renovations of existing facilities. Routine maintenance of existing facilities, however, should not be included in capital requests.
5. The Adopted Capital Facilities Element of the Burien Comprehensive Plan provides guidance regarding the development of the City's Capital Improvement Program.
6. For each Fund included in the Capital Improvement Program (Parks and General Government, Transportation, and Surface Water Management), funding sources will be

identified so that it will be clear what local funds, grant funds, and other revenue sources are supporting each program.

7. The City will use Community Development Block Grant capital funds for eligible capital projects that are included in the City's adopted Capital Improvement Program. The funds will only be spent on eligible projects that benefit low and moderate income individuals as defined in the Community Development Block Grant regulations.

7-8. To help improve competitiveness for capital project construction grants and loans, the City should identify and budget resources for project design and matching funds. Potential sources may include water and sewer district franchise fees or utility taxes, and new or updated impact fees for streets and parks to be imposed on new development.

H. Debt Policies

1. When evaluating the use of councilmanic debt and the associated debt service obligations, a financial feasibility analysis will be performed including the City's ability to make debt service payments, taking into account revenue fluctuations associated with periodic economic cycles.
2. Voted and councilmanic debt will be used prudently in a manner to avoid any adverse impact on the City's credit rating.
3. The City will establish appropriate procedures to assure compliance with its bond covenants and all other applicable federal, state, and local laws, policies or regulations.
4. Debt may be used on a limited basis for specific short-term cash flow needs. Debt will not be used to fund long-term revenue shortages. For major capital projects with long-term useful lives (normally 20 years or more) and where costs exceed short-term cash flows, debt may be used provided there is sufficient discretionary revenue within the Financial Forecasts Plan to service the debt without disrupting the City's existing service delivery programs.

I. Investment Policies

1. The City will follow state law and the following criteria in priority order when investing City monies:
 - a. Preserve capital through prudent financial investments;
 - b. Maintain sufficient liquidity so that monies are available when needed; ~~and~~
 - b-c. Achieve the best available rate of return.

d. Manage the investment yields of bond proceeds to avoid the potential for payment of rebates;

e. Ensure that investment instruments acquired with bond proceeds are purchased at fair market value; and

2. The City will provide the appropriate accounting and reporting for any private donations or monies held in trust by the City.

J. Financial Management and Organizational Review Policies

1. The City Manager will periodically review the City's organizational structure to assure that it is responsive to current conditions; and to eliminate service duplication within the organization and with other local government jurisdictions. Periodic performance audits may be used to assess organizational costs and effectiveness. Periodic budget reviews shall be made to examine departmental and/or program line-item costs. The City Manager has the authority to revise the organizational structure to improve performance and address opportunities, within the adopted budget.
2. The City Manager will periodically evaluate the City's administrative and direct service delivery systems to determine whether a service should be provided by the City, by agreement with a qualified and competitively priced private or public contractor, or eliminated due to changes in community needs and expectations.
3. The City Council will adopt, through the biennial Budget, service levels, a work program, and performance standards that reflect City revenues, community expectations and legal requirements. The City is committed to examining how it provides services so that service levels and performance standards are met or exceeded at the least cost to the public.
4. The City's compensation structure (salaries and benefits) will be reviewed at least every three years. The City's compensation structure shall be competitive with that of comparable public sector employers in the relevant recruiting or market area; however, no adjustments shall be made if it is determined the City does not have the ability to pay. The criteria for reviewing employee salaries and benefits will also include internal comparability for similar jobs. If relevant private sector comparisons are available, they will be considered. Annual cost of living adjustments will be based on 100% of the change in the Seattle-Tacoma-Bremerton Urban Wage Earners and Clerical Workers Consumer Price Index for all items the twelve-month period ending June 30, or other applicable index or measure, rounded to the nearest one-tenth percent.

5. The City will, within available resources, maintain the productivity of staff through a supportive working environment, which includes appropriate equipment, supplies, materials, and professional staff development.
6. The City will evaluate its use of intergovernmental service contracts to prevent duplication of services and to assure an effective and efficient service delivery system to the community.
- ~~6.7.~~ The City adopts biennial budgets at the start of every odd-numbered year. The biennial budget provides a two-year expenditure appropriation with side-by-side one-year budget displays. To avoid overspending the two-year appropriation too quickly, departments are held to single-year budgets and are generally not able to commit funds from the second year of the biennium before it begins. The City Manager may approve the carryover of unspent funds from the first year to the second year if it is determined that a program and/or project was not complete at the end of the year and funds are available.

K. Contract Approval Authority

The approval authority for execution of City contracts is as follows:

1. The City Manager will have authority to sign contracts up to \$25,000.
2. The City Manager will have authority to sign contracts over \$25,000 for equipment, goods, and services that are included in the Adopted Budget. The City Manager shall provide a report of such contracts signed as part of the quarterly financial report.
3. Contracts that exceed Adopted Budget spending authority must be placed on the Council agenda for discussion and approval.
4. Contracts over \$25,000 for initiatives not included in the Adopted Budget must be placed on the Council agenda for discussion and approval.
5. All capital projects in which there is a material change in scope must be placed on the Council agenda for discussion and approval.

L. Debt Collection

1. The Finance Director shall establish and maintain policies and procedures relating to the collection of debt.

2. The Finance Director shall establish policies and procedures governing the assignment or other referral of delinquent accounts or debt to a collection agency that has entered into a contract with the City for that purpose.
3. In certain cases, amounts which are due any City department, from an individual or a corporate debtor may remain unpaid for long periods of time. After the Finance Director and the City Manager have determined that there is no cost effective means of collecting the debt, the debt may be cancelled, written off, or reduced.
4. Amounts due to the City which are \$1,000 or less, after reasonable efforts for collection and or settlement have been made, may be written off upon approval of the City Attorney and the Finance Director.
5. Amounts due to the City between \$1,001 and \$5,000 due to the City, after reasonable efforts for collection and or settlement have been made, may be written off by the City Manager upon the recommendation of the City Attorney and the Finance Director.
6. Amounts due to the City greater than \$5,000, after reasonable efforts for collection and or settlement have been made, will be presented to the City Council for approval to be written off.

GLOSSARY OF TERMS

ACCOUNTING SYSTEM. The methods and records established to identify, assemble, analyze, classify, record and report a government's transactions and to maintain accountability for the related assets and liabilities.

ACCRUAL BASIS. The recording of the financial effects on a government of transactions and other events and circumstances that have cash consequences for the government in the periods in which those transactions, events, and circumstances occur, rather than only in the periods in which cash is received or paid by the government.

AD VALOREM TAX. A tax based on value (e.g., a property tax).

ANNUAL BUDGET. A budget applicable to a single fiscal year.

APPROPRIATED BUDGET. The expenditure authority created by the appropriation bills or ordinances, which are signed into law, and the related estimated revenues. The appropriated budget would include all reserves, transfers, allocations, supplemental appropriations and other legally authorized legislative and executive changes.

APPROPRIATION. A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation usually is limited in amount and time it may be expended.

ASSESSED VALUATION. A valuation set upon real estate or other property by a government as a basis for levying taxes.

BARS. Budgeting, Accounting & Reporting System. Refers to the accounting rules established by the Washington State Auditor's Office, including a prescribed chart of accounts.

BASIS OF ACCOUNTING. A term used in reference to when revenues, expenditures, expenses and transfers-and the related assets and liabilities-are recognized in the accounts and reported in the financial statements. Specifically, it relates to the timing of the measurements made, regardless of the nature of the measurement, on either the cash or the accrual method.

BENEFITS. Costs paid by the City on behalf of its employees. Examples include: medical and dental insurance, retirement, deferred compensation, life insurance and worker's compensation.

BUDGET. A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year.

BUDGET DOCUMENT. The instrument used to present a comprehensive financial program to the appropriating governing body. The budget document usually consists of three parts. The first part contains a message from the budget-making authority, together with a summary of the proposed expenditures and the means of financing them. The second consists of schedules supporting the summary. These schedules show in detail the past years' actual revenues, expenditures and other data used in making the

estimates. The third part is composed of drafts of the appropriation, revenue and borrowing measures necessary to put the budget into effect.

BUDGET MESSAGE. A general discussion of the proposed budget as presented in writing by the budget-making authority to the legislative body. The budget message should contain an explanation of the principal budget items, an outline of the government's actual financial experience during the past period and its financial status at the time of the message, and recommendations regarding the financial policy for the coming period.

BUDGETARY CONTROL. The control or management of a government or enterprise in accordance with an approved budget to keep expenditures within the limitations of available appropriations and available revenues.

CAPITAL ASSETS. Long term assets, normally exceeding \$1,000 in value and having a useful life of more than one or two years, such as major computer equipment, buildings and land.

CAPITAL EXPENDITURES. Expenditures of current financial resources for constructing or purchasing capital assets. Under the modified accrual basis of accounting these acquired assets appear as expenditures in the fund statements, however under the current reporting model these acquired assets are recognized as assets in the basic financial statements

CAPITAL IMPROVEMENT PLAN. A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or other capital needs. It sets forth each project or other contemplated expenditure in which the government is to have a part and specifies the resources estimated to be available to finance the projected expenditures.

CAPITAL PROJECT FUND. A fund created to account for financial resources to be used for the acquisition or construction of major capital facilities.

DEBT. An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of governments include bonds, time warrants and notes.

DEBT SERVICE FUND. A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

DELINQUENT TAXES. Taxes remaining unpaid on and after the date to which a penalty for nonpayment is attached. Even though the penalty may be subsequently waived and a portion of the taxes may be abated or canceled, the unpaid balances continue to be delinquent taxes until abated, canceled, paid or converted into tax liens.

ENCUMBRANCE. Commitments for unperformed contracts for goods or services.

EXPENDITURES. Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants, entitlement and shared revenues.

FISCAL YEAR. A 12 -month period to which the annual operating budget applies and at the end of which

a government determines its financial position and the results of its operations.

FIXED ASSETS. Long-lived tangible assets obtained or controlled as a result of past transactions, events or circumstances. Fixed assets include buildings, equipment, improvements other than buildings and land.

FUND. A fiscal and accounting entity with a self-balancing set of accounts in which cash and other financial resources, and related liabilities and residual equities, or balances, and changes therein, are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions or limitations.

FUND BALANCE. The difference between fund assets and fund liabilities of governmental and similar trust funds.

GENERAL FUND. The fund used to account for all financial resources, except those required to be accounted for in another fund.

GENERAL LONG TERM DEBT. Long term debt expected to be repaid from governmental funds

GENERAL OBLIGATION BONDS. Bonds issued the repayment of which the full faith and credit of the city is pledged.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP). Uniform minimum standards and guidelines for financial accounting and reporting. The primary authoritative body on the application of GAAP to state and local governments is the Government Accounting Standards Board.

GOVERNMENTAL FUNDS. Funds generally used to account for tax supported activities. There are five different types of governmental funds, of which the city uses four of these. The general fund, is the main operating fund of the city. The special revenue funds, are used to account for proceeds from specific sources to be used for legally restricted purposes, but normally not for major capital projects. The debt service funds, which are for the accumulation of resources to pay principle and interest on the City's general long term debt. The capital project funds, which are used for the acquisition or construction of major capital facilities.

LEGAL LEVEL OF BUDGETARY CONTROL. The level at which spending in excess of budgeted amounts would be a violation of law.

LEVEL OF BUDGETARY CONTROL. One of the three possible levels of budgetary control and authority to which organizations, programs, activities and functions may be subject. These levels of budgetary control are (a) appropriated budget, (b) legally authorized non-appropriated budget process or (c) non-budgeted financial activities, which are not subject to the appropriated budget and the appropriation process or to any legally authorized non-appropriated budget review and approval process, but still are relevant for sound financial management and oversight.

LEVY. (1) (verb) To impose taxes, special assessments or service charges for the support of government activities. (2) (Noun) The total amount of taxes, special assessments or service charges imposed by a government.

MODIFIED ACCRUAL BASIS. The basis of accounting associated with the governmental fund-type measurement focus. Under it, revenues and other financial resources are recognized when they become susceptible to accrual that is when they become both "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the fund liability is incurred except for inventories of materials and supplies that may be considered expenditures either when purchased or when used. All governmental funds, expendable trust funds and agency funds are accounted for using the modified accrual basis of accounting.

OPERATING BUDGET. Plans of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled. The use of annual operating budgets is usually required by law. Even when not required by law, however, annual operating budgets are essential to sound financial management and should be adopted by every government.

OPERATING TRANSFERS. All interfund transfers other than residual equity transfers (e.g., legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended).

PROGRAM BUDGET. A budget wherein expenditures are based primarily on programs of work and secondarily on character and object class.

PROPRIETARY FUND TYPES. Sometimes referred to as income determination or commercial-type funds, the classification used to account for a government's ongoing organizations and activities that are similar to those often found in the private sector. The GAAP used are generally those applicable to similar businesses in the private sector and the measurement focus is on determination of net income, financial position and changes in financial position.

REVENUES. (1) Increases in the net current assets of a governmental fund type from other than expenditure refunds and residual equity transfers. Also, general long-term debt proceeds and operating transfers in are classified as "other financing sources" rather than as revenues. (2) Increases in the net total assets of a proprietary fund type from other than expense refunds, capital contributions and residual equity transfers. Also, operating transfers in are classified separately from revenues.

SPECIAL ASSESSMENTS. A compulsory levy made against certain properties to defray all or part of the cost of a specific capital improvement or service deemed to benefit primarily those properties.

SPECIAL REVENUE FUND. A fund used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes. GAAP only require the use of special revenue funds when legally mandated.

TAXES. Compulsory charges levied by a government to finance services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits, such as special assessments. Neither does the term include charges for services rendered only to those paying such charges (e.g., sewer service charges).

TAX LEVY ORDINANCE. An ordinance through which taxes are levied.

TAX RATE. The amount of tax stated in terms of a unit of the tax base (e.g., specified amount per \$1,000 of assessed valuation of taxable property).

TAX RATE LIMIT. The maximum rate at which a government may levy a tax. The limit may apply to taxes raised for a particular purpose or to taxes imposed for all purposes, and may apply to a single government or to a class of governments operating in a particular area. Overall tax-rate limits usually restrict levies for all purposes and of all governments, state and local, having jurisdiction in a given area.
