◆ Note if the building has fire sprinklers or fire alarms.		

**Please note this information is for a pre-application meeting only and is not a complete list of permit submittal requirements.*

2020 Pre-Application Meeting Information

A pre-application meeting is required before submitting a formal application for any of the following types of actions:

- ◆ New Multi-Family and Commercial Building Permits
- ◆ Commercial Change of use
- ◆ Type 1, 2 or 3 land use reviews
- ◆ Preliminary Plats (five or more lots), Short Plats (four or fewer lots), Plat Vacations and Alterations, Binding Site Plans
- ◆ Shoreline Management Permits

The purpose of the pre-application meeting is to discuss the nature of the proposed development, application and permit requirements, fees, review process and schedule, applicable plans, policies and regulations. It is not an exhaustive review of all potential issues and shall not bind or prohibit the City's future application or enforcement of all applicable laws. Pre-application reviews are based on the information available at the time of review. If additional information becomes available during review of an application, additional conditions or studies may be required.

The quality, accuracy, and depth of the information provided to you, the applicant, at the time of the pre-application meeting is substantially dependent upon the quality, accuracy and depth of information submitted by you to the City. For this purpose, it may be useful to bring any professional staff associated with the project, such as architect or engineer.

Applicants are required to submit a pre-application meeting form, the fee, and all other required information (see below) to the Department of Community Development by 12 noon on the deadline date as shown on the attached schedule in order to be placed on the meeting agenda. Submittal of required information for a pre-application meeting does not vest the application. Pre-application meetings are held every two weeks, beginning at 9:00 am at City Hall. Applications are processed on a first-come, first-serve basis. No more than three applications will be reviewed on meeting days. If the upcoming meeting agenda is full, your application will be scheduled for the next available meeting. One week before the scheduled meeting you will receive an agenda via email that will have the time you are to meet with the Project Review Team. Please be on time.

The Project Review Team consists of staff representing the areas of Planning, Building, Access & Road Design, Stormwater Drainage, Crime Prevention, Fire, Water and Sewer.

The attached checklist contains a list of materials which must be submitted in order to request a pre-application meeting. Consult with the Department of Community Development if you have questions regarding required items.
